

Table of Contents/Inhaltsverzeichnis

	Page
General Information/Allgemeine Informationen	5
Board of Directors / Kuratorium	6
Scientific Advisory Board / Wissenschaftlicher Beirat	6
Introduction / Einleitung	7
A Short History of the Bernhard Nocht Institute /Die Geschichte des Bernhard-Nocht-Instituts	15
Parasitology Section / Sektion Parasitologie	23
Chairman's Summary / Bericht des Sektionssprechers	24
The Enzymatic Antioxidant System of <i>Entamoeba histolytica</i> and its Involvement in Metronidazole Resistance	28
Development of an Amoebiasis Vaccine	30
Genetic Differences between <i>Entamoeba histolytica</i> and <i>Entamoeba dispar</i>	32
Polyamine Synthesis in the Human Malaria Parasite <i>Plasmodium falciparum</i> as a Target for Chemotherapy	34
The Redox Systems of the Human Malaria Parasite <i>Plasmodium falciparum</i>	36
The Ancient Principle of Target Cell Permeation: Amoebapores and their Relatives	38
Heat Shock Protein 100: Specific Function in the Mammalian Stage of <i>Leishmania spp.</i>	40
Molecular and Functional Characterization of Complement Factor H Proteins	42
The Early Growth Response Proteins (EGRs) Regulate Expression of Proinflammatory Cytokine Genes IL-2 and TNF- α	44
Evaluation of the Protective Potential of <i>Onchocerca volvulus</i> Vaccine Candidate Antigens	46
Improved DNA Diagnostic Methods for the Monitoring of Lymphatic Filariasis in Humans and Vectors	47
Life Cycle of Microsporidia of the Genus <i>Encephalitozoon</i>	48
Medical Microbiology Section / Sektion Medizinische Mikrobiologie	51
Chairman's Summary / Bericht des Sektionssprechers	52
Cellular Immunology in Filariasis - Learning about Immunosuppression, Effector Mechanisms and Vaccination	58
<i>Wolbachia</i> Endobacteria in Filarial Nematodes as Targets for a Novel Chemotherapeutic Approach against Human Filariasis ...	60
T Lymphocytes in the Pathogenesis of Human Malaria	62
New Roles for Old Proteins: The Function of Heatshock-proteins in the Immune System	64
RNA Helicase of Flaviviridae as a Target for Antiviral Therapy	66
The Role of Carbohydrates in HIV-1 Infection and Pathogenesis	67
Lassa Fever: Immune Response, Molecular Epidemiology, and Clinical Virology	69
Tropical Medicine Section / Sektion Tropenmedizinische Forschung	71
Chairman's summary / Bericht des Sektionssprechers	72
Search for Human Genes Mediating Resistance to Schistosomiasis	76
Genetic Markers for Trypanotolerance in Cattle	78
Connexin-26 in Ghana: Selection for Deafness Mutants?	80
Diagnosing Familial Mediterranean Fever	81
Th2 Response to <i>Onchocerca volvulus</i> Antigens	82
Eosinophil Cationic Proteins in Tropical and Allergic Diseases	83
Molecules derived from <i>Onchocerca volvulus</i> and its Endobacteria Affect the Host's Innate Immune System	84
Functional Characterization of <i>Onchocerca volvulus</i> Secretory Ov20/OvS1 and Ov Proteases	85
SIV - Infection: Understanding Early Events in Lymphoid Tissues	86
Kumasi Centre for Collaborative Research in Tropical Medicine	88
Clinical Department / Klinische Abteilung	91
Administration / Verwaltung	99
Theses Completed in 1999-2000 / Doktorarbeiten 1999 - 2000	102
Master's Theses Completed in 1999-2000 / Diplomarbeiten 1999-2000	104
Course on Tropical Medicine and Medical Parasitology 1999 and 2000	105
Kursus für Tropenmedizin und Medizinische Parasitologie 1999 und 2000	108
1999-2000 Seminar Programme/ Institutsseminare 1999 - 2000	112
Staff Activities / Aktivitäten der Mitarbeiter des BNI 1999 - 2000	115
Publications 1999 - 2000	123
Appendix	133
Organization Table / Organigramm	147
