

Thematic Review Series

- 239 **Diagnosis and Treatment of Cystic Fibrosis**
Koch, C.; Hoiby, N. (Copenhagen)

Editorials

- 248 **Into Thin Air**
Cherniack, N.S. (Newark, N.J.)
- 250 **Inhaler Drugs**
Dahl, R. (Aarhus)
- 251 **'Semper aliquod novi Cystic Fibrosis adferre'. Cystic Fibrosis always Brings Us Something New – with Apologies to Pliny the Elder**
Bush, A. (London)

Clinical Investigations

- 253 **Geriatric Men at Altitude: Hypoxic Ventilatory Sensitivity and Blood Dopamine Changes**
Serebrovskaya, T.V.; Karaban, I.N.; Kolesnikova, E.E.; Mishunina, T.M. (Kiev); Swanson, R.J. (Norfolk, Va.); Beloshitsky, P.V.; Ilyin, V.N.; Krasuk, A.N.; Safronova, O.S.; Kuzminkaya, L.A. (Kiev)
- 261 **Decline in FEV₁ in Community-Based Older Volunteers with Higher Levels of Neutrophil Elastase in Bronchoalveolar Lavage Fluid**
Betsuyaku, T.; Nishimura, M.; Takeyabu, K.; Tanino, M.; Miyamoto, K.; Kawakami, Y. (Sapporo)
- 268 **Sleep Apnea Syndrome in Patients with Cardiac Pacemaker**
Fietze, I.; Röttig, J.; Quispe-Bravo, S.; Riedel, F.; Witte, J.; Baumann, G.; Witt, C. (Berlin)
- 272 **Self-Adjusting Continuous Positive Airway Pressure Therapy Based on the Measurement of Impedance. A Comparison of Free Pressure Variation and Individually Fixed Higher Minimum Pressure**
Randerath, W.; Parys, K.; Lehmann, D. (Hagen); Sanner, B. (Herne); Feldmeyer, F.; Rühle, K.-H. (Hagen)
- 280 **Interleukin-10 Secretion by Alveolar Macrophages and Monocytes in Sarcoidosis**
Bingisser, R.; Speich, R.; Zollinger, A.; Russi, E.; Frei, K. (Zürich)

Basic Science Investigations

- 287 **Influence of Oxygen Concentration on Argon Plasma Coagulation-Induced Tissue Damage in Isolated Pig Tracheas**
Schreiber, J.; Hofman, B.; Schumann, H.J.; Rosahl, W. (Dessau)
- 291 **Soot-Exposed Mononuclear Cells Increase Inflammatory Cytokine mRNA Expression and Protein Secretion in Cocultured Bronchial Epithelial Cells**
Drumm, K. (Mainz); Attia, D.I. (Cairo); Kannt, S.; Micke, P.; Buhl, R.; Kienast, K. (Mainz)

Technical Notes

- 298 **Comparison of the Effect on Bronchial Hyperresponsiveness of Beclomethasone Dipropionate Administered via a Novel Multidose Dry-Powder Inhaler or a Conventional Pressurised Metered Dose Inhaler**
Morice, A.H.; Andrews, B.; Taylor, M. (Sheffield)
- 306 **Resimat® (a New Soft Mist Inhaler) Delivering Fenoterol plus Ipratropium Bromide Provides Equivalent Bronchodilation at Half the Cumulative Dose Compared with a Conventional Metered Dose Inhaler in Asthmatic Patients**
Kunkel, G. (Berlin); Magnussen, H. (Grosshansdorf); Bergmann, K.-C. (Bad Lippspringe); Juergens, U.R. (Bonn); de Mey, C. (Höhenkirchen); Freund, E.; Hinzmann, R.; Beckers, B. (Ingelheim)

The Eye Catcher

- 315 **Severe Pancoast Tumour**
Kruger, F.C.; Joubert, J.R.; Bolliger, C.T. (Cape Town)

Case Reports

- 316 **Bronchiolitis obliterans Organizing Pneumonia: A Distinct Pulmonary Complication in Cystic Fibrosis**
Häusler, M.; Meilicke, R.; Biesterfeld, S.; Kentrup, H.; Friedrichs, F.; Kusenbach, G. (Aachen)
- 320 **Tracheobronchial Involvement in Relapsing Polychondritis**
Tsunezuka, Y.; Sato, H.; Shimizu, H. (Kanazawa)
- 323 **Small Cell Lung Carcinoma Presenting as Acute Cardiovascular Collapse due to Tumour Cell Embolisation**
Wong, C.H.; Suvama, S.K.; Ciulli, F. (Sheffield); Leggett, R.J.E. (Doncaster)
- 327 **Cystic Schwannoma Presenting as Massive Hemoptysis in an Adult**
Ondo, K.; Sugio, K.; Yano, T.; Kase, S.; Yamazaki, K.; Yamaguchi, M.; Sugimachi, K. (Fukuoka)
- 330 **Unilateral Hilar Lymphadenopathy of Sarcoidosis or Sarcoid Reaction Compressing the Trunk of the Right Pulmonary Artery**
Honda, T.; Hayasaka, M.; Hachiya, T.; Kubo, K.; Ohashi, M. (Matsumoto/Suwa)
- 333 **Malignant Transient Pleural Transudate: A Sign of Early Lymphatic Tumoral Obstruction**
Fernandez, C.; Martín, C.; Aranda, I.; Romero, S. (Alicante)
- 337 **Fatigue Associated with Obstructive Sleep Apnea in a Patient with Sarcoidosis**
Drent, M.; Verbraecken, J.; van der Grinten, C.; Wouters, E. (Maastricht)

What Is Your Diagnosis?

- 341 **Hypolucent Lung in a Woman with Recurrent Haemoptysis**
Yiu, M.W.C.; Ooi, G.C.; Chan, J.K.F.; Tsang, K.W.T. (Hong Kong)

Letters to the Editor

- 346 **Malignant Peripheral Nerve Sheath Tumor of the Mediastinum**
Shijubo, N.; Sugaya, F.; Imada, A.; Fujishima, T.; Nakata, H.; Satoh, M.; Abe, S. (Sapporo)
- 348 **Fluticasone Propionate Reduces Serum Interleukin-8 Levels in Asthmatic Patients**
Purrello-D'Ambrosio, F.; Gangemi, S.; Merendino, R.A.; Arena, A.; Lombardo, G.; Valenti, A.; Romano, M. (Messina)
- 349 **Congress Calendar**

Cover illustration

Upper right: Maximal and tidal flow-volume loops from a cystic fibrosis (CF) subject with hyperinflation and expiratory flow limitation at rest.
Central: Chest radiograph from a teenager with CF and advanced lung pathology.
Lower right: Partial DNA sequence of the CF transmembrane conductance regulator (CFTR) gene, exon 4, showing two different missense mutations in the same codon and the normal sequence.
Lower left: Schematic representation of chromosome 7 with the CF gene.
