#### Editorial Information

"Nahrung/Food" publishes Reviews, experimental results as Research Papers or as promptly issued Short Communications from the entire range of food and human nutrition. Therefore this journal is of interest to everyone working in this field – above all food chemists, technologists and process engineers, hygienists, nutritional physiologists and sociologists, physicians and microbiologists.

**Scientific manuscripts** as well as books to be reviewed should be submitted to the editorial office, at its Bergholz-Rehbrücke address.

**The submission of research papers** implies that they represent original research not previously published and that they are not being considered for publication elsewhere. Unsolicited books for review will not be returned.

**Instructions for authors** are printed in each issue. Please conform to these instructions when submitting manuscripts. Reprints are available at the editorial office.
