

Aktuelle Urologie

S1 31. Jahrgang,
September 2000, Seite 1–96

Contents

1 Editorial

Original Paper

- 2 Y. Hirao, M. Yoshi, S. Tsujimoto, H. Uemura, K. Yoshida, S. Ozono, W. Okajima
Aortic Calcification Index (ACI): A Parameter to Predict Renal Function Following Nephrectomy; A Preliminary Reports
- 4 U. Humke, S. Siemer, T. Lindenmeir, D. Neisius, M. Ziegler
Survival, Blood Pressure, and Renal Function Following Nephron-sparing Surgery for Renal Cell Carcinoma: A Retrospective Long-term Study
- 8 J. Leißner, D. Filipas, S. Buff, M. Gottscholl, M. Fisch, R. Beetz, R. Schumacher, R. Hohenfellner
Surgical Strategies in Children with Duplex Systems
- 12 G. Ludwig
Treatment of Cryptorchidism – Treatment at the Right Time. A Critical Evaluation
- 15 T. Kato, N. Tsuchiya, K. Sato, O. Ogawa, R. Sasaki, N. Shimoda, S. Satoh, T. Habuchi
Elevated Vascular Endothelial Growth Factor (VEGF) and Normal Level of Basic Fibroblast Growth Factor (bFGF) in the Sera of Patients with Renal Cell Carcinoma
- 18 O. A. Brinkmann, F. Bruns, F.-J. Prott, L. Hertle
Potential Synergistic Antitumor Effect of Radiotian Therapy and Chemo-immunotherapy in the Treatment of Metastatic Renal Cell Carcinoma (RCC)
- 22 M. Matsushima, Y. Sawamura, M. Tajima, M. Shirai, H. Itatani
Chemoradiation Therapy for Patients with Muscle Invasive Bladder Cancer who are not Candidates for Radical Cystectomy
- 25 T. Kälble, R. von Knobloch, U. Köhl, H. Riedmiller
Bladder carcinoma – Indication for Transurethral Electro Resection or Primary Radical Cystectomy?
- 28 K. Naito, E. Watanabe, H. Kurisu, K. Nagao, S. Yamaguchi, T. Hara, K. Oba, C. Ohmi, M. Tsukamoto, Y. Tei, S. Yoshihiro, M. Yamamoto
Expression of Urinary Cytokines during Intravesical Instillation Therapy of BCG for Carcinoma in situ of the Urinary Bladder
- 31 R. F. M. Bevers, E. C. de Boer, K.-H. Kurth, D. H. J. Schamhart
BCG Internalization in Human Bladder Cancer Cell Lines, Especially with Regard to Cell surface-expressed Fibronectin
- 35 K. Kawabe, Y. Homma
Urological Morbidity and its Influence on Global Satisfaction with Treatment Outcome after Radical Prostatectomy for Prostatic Cancer
- 37 J. E. Altwein
Prostatic Diseases and Sexuality
- 42 D. A. Neisius, B. Muller, G. Lepold-Theis, M. Netzer
Study of Intact Serum Parathormone Level in Patients Pre and Post Allogenic Renal Transplantation
- 45 J. Fichtner, R. Gillitzer, S. W. Melchior, R. Hohenfellner, J. W. Thüroff
Radical Prostatectomy: Increased Incidence of Positive Margins with the Perineal Approach?
- 48 V. Rohde, H. P. Sattler, M. Ziegler, B. Wullich
Telomerase Activity and Cellular Specificity of the Human Telomerase RNA Component in Renal Cell Carcinomas
