

Volume 387 · Number 1 · April 2002

Current concepts in clinical surgery

Schein M:
**Surgical management of intra-abdominal infection:
is there any evidence?** 1

Original articles

Zieren J, Maecker F, Neuss H, Müller JM:
**Trevira mesh: a promising new implant for the treatment
of abdominal hernias** 8

Lefering R, Goris RJA, Nieuwenhoven EJ van, Neugebauer E:
Revision of the multiple organ failure score 14

Böhner H, Kindgen-Milles D, Grust A, Buhl R, Lillotte W-C,
Müller BT, Müller E, Fürst G, Sandmann W:
**Prophylactic nasal continuous positive airway pressure
after major vascular surgery: results of a prospective
randomized trial** 21

Petri A, Höhn J, Hódi Z, Wolfárd A, Balogh Á:
**Pyogenic liver abscess – 20 years' experience. Comparison
of results of treatment in two periods** 27

Förster R, Storck M, Schäfer JR, Hönig E, Lang G, Liewald F:
**Thoracoscopy versus thoracotomy: a prospective comparison
of trauma and quality of life** 32

How to do it

Malagó M, Testa G, Hertl M, Lang H, Paul A, Frilling A,
Treichel U, Broelsch CE:
**Biliary reconstruction following right adult living donor
liver transplantation end-to-end or end-to-side duct-to-duct
anastomosis** 37

Vecchio R, MacFadyen BV:
Laparoscopic common bile duct exploration 45

Evidence based surgery

Neugebauer EAM, Lefering R:
**Severity scores in surgery: what for and who needs them?
An introduction: definition, aims, classification and
evaluation** 55

Galland RB:
Severity scores in surgery: what for and who needs them? 59
