

Symposium 9: Total Quality Management – IL 32*W.G. Guder, München*

Defining the Quality of Diagnostic Samples 173

Symposium 9: Total Quality Management – RT 06*Anja Keßler, Lothar Siekmann, Bonn*

Quality Assessment of Medical Laboratories in Germany..... 173

Symposium 10: Current State of Integration - IL 35*Georg E. Hoffmann, M.D., Munich*

Current Aspects of Consolidation and Integration 174

Thrombosis, Haemostasis and Vascular System – THV05*W. Herrmann, H. Schorr, R. Obeid, J Geisel, Homburg*

Vegetarian lifestyle causes hyperhomocysteinemia and vitamin B-12 deficiency proven by holotranscobalamin II and methylmalonic acid as sensitive markers 175

Thrombosis, Haemostasis and Vascular System – THV17*B. Lieser, W. Drobnik, G. Liebisch, G. Schmitz, Regensburg*

Quantification of Sphingosine by HPLC Electrospray Ionization Tandem Mass Spectrometry (HPLC-ESI-MS/MS)..... 176

Thrombosis, Haemostasis and Vascular System – THV18*Richard Mauerer, Alexandra Zahn, Christoph Moehl, Thomas Langmann, Mario Probst, Wolfgang Stremmel, and Gerd Schmitz, Heidelberg*

Characterization of the complete human ABC transporter superfamily: Expression analysis using real-time RT-PCR and customized microarrays 176

Thrombosis, Haemostasis and Vascular System – THV19*G. Liebisch, W. Drobnik, B. Lieser, G. Schmitz, Regensburg*

High Throughput Quantification of Phosphatidylcholine and Sphingomyelin by Electrospray Ionization Tandem Mass Spectrometry (ESI-MS/MS) Coupled with an Isotope Correction Algorithm 177

Thrombosis, Haemostasis and Vascular System – THV20*G. Liebisch, W. Drobnik, B. Lieser, G. Schmitz, Regensburg*

High Throughput Quantification of Lysophosphatidylcholine by Electrospray Ionization Tandem Mass Spectrometry (ESI-MS/MS)..... 178
