

---

## HELICOBACTER AND PROBIOTICS

---

- The gastric ecology of *Helicobacter pylori* positive and negative children and adults 71  
*Krista Lõivukene, Helga Kolk, Tina Rägo, Marje Oona, Heid-Ingrid Maaros, and Marika Mikelsaar*
- 

## ESTABLISHMENT OF THE FLORA

---

- Comparison of intestinal enterococcal populations in healthy and hospitalised humans and in food animals 79  
*Aina Iversen, Inger Kühn, Maria Finn, Anders Franklin, Lars G. Burman, and Roland Möllby*
- 

## HEALTH CLAIMS

---

- Health-promoting properties of new lactobacilli strains: *In vivo* models 85  
*Elisa Bertazzoni Minelli, Anna Benini, Marta Marzotto, Sara Fasoli, Andrea Sbarbati, Orazio Ruzzenente, Rossano Ferrario, Henno Hendriks, and Franco Dellaglio*
- 

## FLORA AND HEALTH

---

- Disease dependent adhesion of lactic acid bacteria to colonic tissue *in vitro* 95  
*Arthur C. Ouwehand, Seppo Salminen, Satu Tolkkio, Peter J. Roberts, Jari Ovaska, and Eeva Salminen*

- Bifidobacteria isolated from allergic and healthy infants: Differences in taxonomy, mucus adhesion and immune modulatory effects 103  
*Fang He, Erika Isolauri, Hirotsugu Morita, Masataka Hosoda, Hideo Hashimoto, Tetsuo Fuse, Koko Mizumachi, Jun-Ichi Kurisaki, Yoshimi Benno, Seppo Salminen, and Arthur C. Ouwehand*

- Exposure to Gram-positive bacteria: The key in natural defence against atopic sensitisation? 109  
*Pirkka V. Kirjavainen*
- 

## PROBIOTICS AND PREBIOTICS

---

- Evaluation of *Escherichia coli* EMO against experimental infections with *Salmonella typhimurium* in gnotobiotic and conventional mice 115  
*José Vitor Moreira Lima Filho, Enio Cardillo Vieira, Leda Quercia Vieira, Rosa Maria esteves Arantes, and Jacques Robert Nicoli*
- 

Production of enter  
*Mahnaz Banasa*

Commercial probio  
nomenclature  
*Elisa Bertazzoni*  
*Dea, Lorenzo M*

Monoassociation of  
strains  
*Maria Cardona,*  
*Norin*

Large scale produc  
*Benedikte Gren*

Occurrence of *Clos*  
*A. Kyriacou, C*  
*M. Kotso, N. A*

Influence of *Lactob*  
capacity of some  
*Veronica Lazar,*  
*Chrissoula Void*  
*and Victoria He*

*Bifidobacterium lo*  
adherence of *Cl*  
*coli* to cultured  
*Gunnar O. Broe*  
*Jannicke Fugle*

Influence of oral tr  
*Salmonella typh*  
*coli* in gnotobio  
*Andreia Marçal*  
*Rinaldo Duarte,*

Partial characterisa  
*Saccharomyces*  
*Maria Jose Nev*  
*Miranda Castro*
