

Current concepts in clinical surgery

Wechsler JG, Leopold K:

Medical management of obesity 369

Miller K, Hell E:

Laparoscopic surgical concepts of morbid obesity 375

Husemann B:

**Open-surgery management of morbid obesity:
old experience – new techniques** 385

Original articles

Grützmann R, Bunk A, Kersting S, Pilarsky C, Dobrowolski F,
Kuhlisch E, Ockert D, Saeger HD:

**Prospective evaluation of ultrasound and colour duplex
imaging for the assessment of surgical resectability
of pancreatic tumours** 392

Kurdow R, Boehle AS, Ruhnke M, Mendoza R, Boenicke L,
Sipos B, Schniewind B, Dohrmann P, Kalthoff H:

**Retroviral endostatin gene transfer inhibits growth of human
lung cancer in a murine orthotopic xenotransplant model** 401

Li R, Rüttinger D, Li R, Si L-S, Wang Y-L:

**Analysis of the immunological microenvironment at the tumor
site in patients with non-small cell lung cancer** 406

Overview

Kern P:

***Echinococcus granulosus* infection: clinical presentation,
medical treatment and outcome** 413

New surgical horizons

Pech O, May A, Rabenstein T, Gossner L, Ell C:

Endoscopic resection in neoplastic lesions of the oesophagus
421

Mastery in surgery

Arbogast R:

Prof. em. Dr. med. Ernst Kern – 80 years 425

Abstracts

**22nd Annual Meeting of the Surgical Working Group of
Endocrine Surgery (CAEK) of the German Society of Visceral
Surgery, 5 and 6 December 2003, Frankfurt am Main, Germany**
427
