

Current concepts in clinical surgery

Kikuchi S, Katada N, Sakuramoto S, Kobayashi N, Shima H, Watanabe M, Hiki Y:

Survival after surgical treatment of early gastric cancer: surgical techniques and long-term survival 69

Taucher S, Jakesz R:

Survival after surgical treatment of breast cancer 75

Original articles

Hamaguchi K, Ogawa K, Katsube T, Konno S, Aiba M:
Does eradication of *Helicobacter pylori* reduce the risk of carcinogenesis in the residual stomach after gastrectomy for early gastric cancer? Comparison of mucosal lesions in the residual stomach before and after *Helicobacter pylori* eradication 83

Koller M, Hoffmann S, Rothmund M, Lorenz W, Plaul U:
Checking for interviewer bias in outcome assessment: a method for strengthening the design of prospective, randomised trials in surgery 92

Schwandner O, Farke S, Fischer F, Eckmann C, Schiedeck THK, Bruch H-P:

Laparoscopic colectomy for recurrent and complicated diverticulitis: a prospective study of 396 patients 97

Yedibela S, Förtsch T, Hohenberger W, Meyer T:

Liver transplantation for hepatocellular carcinoma: a single European centre experience 104

Sakamoto Y, Yamamoto J, Saiura A, Koga R, Kokudo N, Kosuge T, Yamaguchi T, Muto T, Makuuchi M:
Reconstruction of hepatic or portal veins by use of newly customized great saphenous vein grafts 110

Shimada H, Tanaka K, Masui H, Nagano Y, Matsuo K, Kijima M, Ichikawa Y, Ike H, Ooki S, Togo S:

Results of surgical treatment for multiple (≥ 5 nodules) bi-lobar hepatic metastases from colorectal cancer 114

Yuasa N, Miyake H, Yamada T, Oda K, Nimura Y, Nagasaka T, Hattori T:

Prognostic significance of the location of intramural metastasis in patients with esophageal squamous cell carcinoma 122

Renzulli P, Joeris A, Strobel O, Hilt A, Maurer CA, Uhl W, Büchler MW:

Colon interposition for esophageal replacement: a single-center experience 128

New surgical horizons

Rau B, Krüger CM, Schilling MK:

Procalcitonin: improved biochemical severity stratification and postoperative monitoring in severe abdominal inflammation and sepsis 134

Bengmark S:

Bio-ecological control of perioperative and ITU morbidity 145

Milestones in surgery

Messmer K:

Professor Dr. med. Dr. med. h.c. Walter Brendel 1922–1989 155
