

## Notes

Adaptation of the Phosphotungstate Method to Determine Reduced and Oxidized Vitamin C in Blood Plasma

M. RUTKOWSKI, K. GRZEGORCZYK, and J. GREGER  
762

## Contents of Number 11/12

## Original Communications

Flavonoids as Chemotaxonomic Markers for *Erythroxylum australe*

E. L. JOHNSON and W. F. SCHMIDT 769

Antimicrobial Activity, Essential Oil Composition and Micromorphology of Trichomes of *Satureja laxiflora* C. Koch from Iran

A. SONBOLI, A. FAKHARI, M. R. KANANI, and M. YOUSEFZADI 777

Antimicrobial Activity of *N*-Alkoxy carbonyl-methyl-*N*-alkyl-piperidinium Chlorides

E. WOŹNIAK, A. MOZRZYMAS, A. CZARNY, M. KO-  
CIĘBA, B. RÓŻYCKA-ROSZAK, Z. DEGA-SZAFRAN, E.  
DULEWICZ, and M. PETRYNA 782

Evaluation of *in vivo* Biological Activity Profile of Isoorientin

E. KÜPELİ, M. ASLAN, İ. GÜRBÜZ, and E. YESİLADA  
787

Antifungal Activity of the Carrot Seed Oil and its Major Sesquiterpene Compounds

I. JASICKA-MISIAK, J. LIPOK, E. M. NOWAKOWSKA,  
P. P. WIECZOREK, P. MEYNARZ, and P. KAFARSKI 791

Constituents of *Quinchamalium majus* with Potential Antitubercular Activity

J.-Q. GU, Y. WANG, S. G. FRANZBLAU, G. MONTENE-  
GRO, and B. N. TIMMERMANN 797

Phytogrowth-Inhibitory Lactones Derivatives of Glaucolide B

L. C. DE A. BARBOSA, A. V. COSTA, D. PILÓ-VEL-  
OSO, J. L. C. LOPES, M. G. HERNANDEZ-TERRONES,  
B. KING-DIAZ, and B. LOTINA-HENNSEN 803

DPPH Free Radical Scavenger Components from the Fruits of *Alpinia rafflesiana* Wall. ex. Bak. (Zingiberaceae)

H. MOHAMAD, F. ABAS, D. PERMANA, N. H. LAJIS,  
A. M. ALI, M. A. SUKARI, T. Y. Y. HIN, H. KIKU-  
ZAKI, and N. NAKATANI 811

Antibiotics in the Chemical Communication of Fungi

M. KETTERING, O. STERNER, and T. ANKE 816

pH-Dependent Quenching of the Fluorescence of Tryptophan Residues in Class A  $\beta$ -Lactamase from *E. coli* (TEM-1)

C. CHRISTOV, D. IANEV, A. SHOSHEVA, and B. ATANASOV 824

Effects of Theobroxide, a Natural Product, on the Level of Endogenous Jasmonoids

Q. YANG, X. GAO, Y. FUJINO, H. MATSUURA, and T. YOSHIHARA 828

Quantification and Fatty Acid Profiles of Sulfolipids in Two Halophytes and a Glycophyte Grown under Different Salt Concentrations

B. RAMANI, H. ZORN, and J. PAPENBROCK 835

Up-regulation of Pathogenesis-related Proteins in the Apoplast of *Malus domestica* after Application of a Non-pathogenic Bacterium

S. KÜRKCÜOĞLU, M. PIOTROWSKI, and A. E. GAU  
843

Evaluation of the Oxidative Burst in Suspension Cell Culture of *Phaseolus vulgaris*

K. JANISCH and H. SCHEMPP 849

Role of Salicylic Acid in Tomato Defense against Cotton Bollworm, *Helicoverpa armigera* Hubner

J. PENG, X. DENG, J. HUANG, S. JIA, X. MIAO, and Y. HUANG 856

Induction of Tropane Alkaloid Formation in Transformed Root Cultures of *Brugmansia suaveolens* (Solanaceae)

R. ZAYED and M. WINK 863
