EDITORIAL

Wright J, Banerjee S:
Informed consent for endoscopic surgery – myth or reality? 225

ORIGINAL ARTICLES

Gezer A, Şaar A, Demirkiran F, Benian A, Şimşek Y, Albayrak M, Kösebay D:

The efficacy of hysteroscopy for endometrial pathology: the experience of a university clinic on diagnostic accuracy and the comparison with the other methods 227

Armstrong CA, Cooper KG:
Sacrospinous mesh colpopexy: a new technique for vaginal suspension 231

McMaster-Fay RA:
Laparoscopic hysterectomy in patients weighing 100 kg or more: a 7-year experience 233

Barrington JW, Bano F, Swart M, Montgomery J:
Patient outcomes following an endometrial thermal balloon ablation (thermochoice) procedure for menorrhagia in a day surgery unit 237

Kaya H, Sezik M, Ozkaya O, Sahiner H:
Large endometrioma in an adolescent girl with Mayer-Rokitansky-Küster-Hauser syndrome 241

Tawfeek S, Hayes T, Sharp N:
Three-year experience in outpatient microwave endometrial ablation 243

El Saadi A, Mohandes I, Emad M, Abdulbaqi H:
The role of CT scan in laparoscopic retrieval of a perforated intrauterine device (IUD) 247

Annan H, Guleria J, Emmanuel A:
Have you moved house recently? 251

Holub Z, Jabor A, Lukáč J, Kliment L, Urbánek Š, Šíbalová E:
The effect of lateral uterine artery dissection on clinical outcomes in laparoscopic myomectomy: a prospective randomized study 253

Gaetje R, Kissler S, Eckerdt F, Baudendistel B, Kaufmann M, Oppelt P:
Influence of surgical trauma on tumor establishment in a rat ovarian cancer model 259

Carpenter TT, Kent A:
Ovaries do not float 263

CASE REPORTS

Heazell AEP, Davis JB, Bhatti NR, Zanetto U:
A case of tubal endometriosis mimicking the appearances of tubal pregnancy at laparoscopy 265

Mylonas I, Lochmüller E-M, Greulich T, Gerber B, Friese K:
Port-site metastasis after diagnostic laparoscopy for presumably benign ruptured ovarian cyst: disseminated intraperitoneal metastasis of a Krukenberg tumor 267

Sauper T, Lanthaler M, Weissenboeck E, Nehoda H:
Spontaneous hepatic duct perforation in pregnancy: a case report and review of the literature 271

Mishra N, Burnham A:
Heterotopic pregnancy in a spontaneous cycle 275

Shah HN, Nabbar S:
Extensive genitourinary tuberculosis presenting as spontaneous vesico-vaginal fistula 277

Mishina A:
Laparoscopic treatment of unruptured 13-week tubal pregnancy 279
