EDITORIALS

Downes E, O'Donovan P:
Changing trends in gynaecological surgery – a challenge for training 61

Wallwiener D, Becker S:
Perspectives in gynaecological surgery: past, present and future 63

Wright JT, Redwine DB:
Treatment of endometriosis – a special skills module only? 67

REVIEW ARTICLE

Stubner A, Schauf B, Duda S, Kurek R, Gall C, Claussen C, Neis KJ, Wallwiener D, Aydeniz B:
Embolisation of uterine arteries or laparoscopic uterine artery ligation as possible treatment of uterine leiomyoma 69

ORIGINAL ARTICLES

Lalchandani S, Phillips K:
Do we really need to hysteroscope all the women who have irregular bleeding on hormone replacement therapy? 77

Condous G, Okaro E, Bourne T:
The management of ectopic pregnancies and pregnancies of unknown location 81

Possover M:
Laparoscopic exposure and electrostimulation of the somatic and autonomous pelvic nerves: a new method for implantation of neuroprosthesis in paralyzed patients? 87

Brölmann HAM, Kesteren PJM van:
Levels of evidence in endoscopic research: a longitudinal survey 91

Belhocine T:
Whole-body ¹⁸F-FDG PET plus pelvic MRI in the pre-treatment assessment of cervical cancers: an alternative to the FIGO clinical staging 95

Ott DE:
The peritoneum and the pneumoperitoneum: a review to improve clinical outcome 101

Baxter N, Duffy S:
The effects of a 3-month depot preparation of leuprorelin acetate on pain symptoms, bone mineral density and hormone levels in women with endometriosis – preliminary data analysis 107

Zubke W, Gruber IV, Gardanis K, Wallwiener D:
Tension-free vaginal tape (TVT): our modified technique – effective solutions for postoperative TVT correction 111

Okaro E, Condous G, Bourne T:
The role of transvaginal ultrasound in the management of abnormal uterine bleeding 119

CASE REPORT

O'Leary AJ, Vyas SK:
Haematometra presenting as secondary amenorrhoea 127

INNOVATIVE TECHNIQUES

Yackel DB, Vilos GA:
Thermablate EAS: a new endometrial ablation system 129

Brucker S, Aydeniz B, Gegusch M, Wallwiener D, Zubke W:
Improvement of endoscopically assisted neovagina: new application instruments and traction device 133
