

Editorial

Beger HG:
146 years of *Langenbeck's Archives*: the oldest journal worldwide
in scientific surgery 75

Current concepts in clinical surgery

Leibl BJ, Jäger C, Kraft B, Kraft K, Schwarz J, Ulrich M, Bittner R:
Laparoscopic hernia repair – TAPP or/and TEP? 77

Link KH, Sagban TA, Mörschel M, Tischbirek K, Holtappels M, Apell V,
Zayed K, Kornmann M, Staib L:
Colon cancer: survival after curative surgery 83

Smeenk HG, Tran TCK, Erdmann J, Eijck CHJ van, Jeekel J:
**Survival after surgical management of pancreatic adenocarcinoma:
does curative and radical surgery truly exist?** 94

Original articles

Kanazawa H, Nagino M, Kamiya S, Komatsu S, Mayumi T, Takagi K,
Asahara T, Nomoto K, Tanaka R, Nimura Y:
**Synbiotics reduce postoperative infectious complications:
a randomized controlled trial in biliary cancer patients undergoing
hepatectomy** 104

Frilling A, Stavrou GA, Mischinger H-J, Hemptinne B de, Rokkjaer M,
Klempnauer J, Thörne A, Gloor B, Beckebaum S, Ghaffar MFA,
Broelsch CE:
**Effectiveness of a new carrier-bound fibrin sealant versus argon
beamer as haemostatic agent during liver resection: a randomised
prospective trial** 114

Barczyński M, Cichoń S, Konturek A, Cichoń W:
**A randomised study on a new cost-effective algorithm of quick
intraoperative intact parathyroid hormone assay in secondary
hyperparathyroidism** 121

Opitz I, Gantert W, Giger U, Kocher T, Krähenbühl L, for the Swiss
Association of Laparoscopic and Thoracoscopic Surgery (SALTS)
Study Group:
**Bleeding remains a major complication during laparoscopic surgery:
analysis of the SALTS database** 128

Ayav A, Bresler L, Brunaud L, Boissel P, SFCL (Société Française de
Chirurgie Laparoscopique), AFCE (Association Francophone de
Chirurgie Endocrinienne):
Laparoscopic approach for solitary insulinoma: a multicentre study 134

Wykypiel H, Gadenstaetter M, Klaus A, Klingler P, Wetscher GJ:
**Nissen or partial posterior fundoplication: which antireflux procedure
has a lower rate of side effects?** 141

Gockel I, Pietzka S, Gönner U, Hommel G, Junginger T:
**Subtotal or total gastrectomy for gastric cancer: impact of the surgical
procedure on morbidity and prognosis – analysis of a 10-year
experience** 148

Plock JA, Schmidt J, Anderson SE, Sarr MG, Roggo A:
**Contrast-enhanced computed tomography in acute pancreatitis:
does contrast medium worsen its course due to impaired
microcirculation?** 156

Lintula H, Pesonen E, Kokki H, Vanamo K, Eskelinen M:
A diagnostic score for children with suspected appendicitis 164

New surgical horizons

Knaebel H-P, Diener MK, Wente MN, Bauer H, Büchler MW,
Rothmund M, Seiler CM:
**The Study Centre of the German Surgical Society – rationale
and current status** 171

Letters to the editor

Junginger T, Kneist W:
**Comment on the publication 'Impact of FDG-PET for staging
of oesophageal cancer' by A. Imdahl et al.** 178

Imdahl A, Brink I:
**Reply to the comments by Dr. Junginger and Dr. Kneist regarding our
publication 'Impact of FDG-PET for staging for oesophageal cancer'**
180

Mastery in surgery

Hiki S, Hiki Y:
Professor von Mikulicz-Radecki, Breslau: 100 years since his death 182
