4 Volume 53 · August 2005 · Page 195 – 260

Information for Authors

- 195 Online Manuscript Submission to The Thoracic and Cardiovascular Surgeon – Important Information for Authors

Editorial

- 198 H. Meisner, Munich, Germany
Victory by Stages: The "Tour De Force" to Early Correction in Congenital Heart Surgery

History

- 205 A. Rukosujew, M. Fugmann, H. H. Scheld, Münster, Germany
Die Verwendung der Arteria thoracica interna als Transplantatgefäß – eine historische Information

Original Cardiovascular

- 212 S. Beholz, H. Grubitzsch, S. Dushe, J. Liu, P. M. Dohmen, W. Konertz, Berlin, Germany
Impact of Implantation Technique on Hemodynamic Results of the Pericardial Freedom Stentless™ Valve
- 217 S. F. Bauer, K. Bauer, I. C. Ennker, U. Rosendahl, J. Ennker, Lahr/Baden, Germany
Intraoperative Bypass Flow Measurement Reduces the Incidence of Postoperative Ventricular Fibrillation and Myocardial Markers After Coronary Revascularisation
- 223 O.-W. Mensah, A. Fried, M. Jepsen, A. Auricchio, H. Klein, C. Huth, Magdeburg, Germany
Replacement of a Severe Chronic Post-Traumatic Aneurysm of the Ascending Aorta with Aortic Valve Conduit – Reconstruction of the Anterior Mitral Valve Ring and Implantation of A-V Sequential/Biventricular Pacemaker
- 226 F. Botzenhardt, W. B. Eichinger, R. Guenzinger, S. Bleiziffer, I. Wagner, R. Bauernschmitt, R. Lange, Munich, Germany
Hemodynamic Performance and Incidence of Patient-Prosthesis Mismatch of the Complete Supraannular Perimount Magna Bioprosthesis in the Aortic Position

Original Thoracic

- 231 N. Shigemura, A. Akashi, T. Nakagiri, H. Matsuda, Hyogo and Osaka, Japan
VATS with a Supraclavicular Window for Huge Substernal Goiter: An Alternative Technique for Preventing Recurrent Laryngeal Nerve Injury

- 234 J. Pfannschmidt, P. Geisbüsch, T. Muley, H. Hoffmann, H. Dienemann, Heidelberg, Germany
Surgical Resection of Secondary Chest Wall Tumors

- 240 G. Hacıbrahimoglu, L. Cansever, C. I. Kocaturk, U. Aydogmus, M. A. Bedirhan, Istanbul, Turkey
Spontaneous Hemopneumothorax: Is Conservative Treatment Enough?

- 243 D. Pop, E. I. Benizri, N. Venissac, F. Leo, B. Padovani, J. Mouroux, Nice, France
Mediastinal Cystic Lymphangioma: Is Resection Always Necessary?

- 245 W. Rzyman, J. Skokowski, G. Romanowicz, P. Lass, M. Murawski, M. Taraszewska, R. Dziadziuszko, Gdansk, Poland
Lung Function in Patients Operated for Chronic Pleural Empyema

- 250 U. Pfefferkom, C. T. Viehl, J.-P. Barras, Solothurn and Basel, Switzerland
Ruptured Hydatid Cyst in the Right Thorax: Differential Diagnosis to Pleural Empyema

- 252 H. Gutermann, B. van Roy, W. Meersseman, B. Meyns, P. Herijgers, Leuven, Belgium
Successful Extracorporeal Lung Assistance for Overwhelming Pneumonia in a Patient with Undiagnosed Full Blown Aids – A Controversial Therapy in HIV-Patients

Short Communication

- 255 F.-C. Riess, A. Gross, U. Budde, Hamburg, Germany
Pulmonary Embolism After Cesarean Section Due to Heparin-Induced Thrombocytopenia Despite Normal Platelet Count

- 257 I. Martinovic, R. Moosdorf, S. Lindemann, R. Hennequin, E. Belli, A. Serraf, Paris, France and Marburg, Germany
Repair of Recurrent Coarctation Using an Ascending Aortic Autograft

- 259 U. Abdel-Rahman, F. Özaskan, A. Esmaili, A. Moritz, Frankfurt/Main, Germany
A Giant Rhabdomyoma with Left Ventricular Inflow Occlusion and Univentricular Physiology
