REVIEW ARTICLE

Awadzi G, Frappell J, Pearson S, Lewis R, Rao A:
**Uterine arteriovenous malformations: a rare but serious cause
of vaginal bleeding** 67

Strowitzki T, von Wolff M:
**Laparoscopic ovarian drilling (LOD) in patients with
polycystic ovary syndrome (PCOS): an alternative approach
to medical treatment?** 71

Wright J:
**Innovation in minimal access surgery: changing the
culture?** 81

Panayotidis C, Lim M, Martin JE:
**Laparoscopy versus laparotomy for the treatment of ovarian
cysts in pregnancy: should we change our conventional way
of practice?** 83

ORIGINAL ARTICLES

Benezra V, Verma U, Whitted RW:
**Comparison of laparoscopy versus laparotomy for the surgical
treatment of ovarian dermoid cysts** 89

Neuman M:
**The use of prophylactic antibiotics in the tension-free
vaginal tape procedure: is it indicated?** 93

Giannopoulos T, Chipchase J, Tailor A, Butler-Manuel S:
**The use of harmonic shears (Ultracision) for laparoscopic
lymphadenectomies in women with gynaecological
malignancies** 97

Clavé H, Baar H, Niccolai P:
**Painless vaginal hysterectomy with thermal hemostasis
(results of a series of 152 cases)** 101

Possover M, Rhiem K, Chiantera V:
**The "neurologic hypothesis": a new concept in the
pathogenesis of the endometriosis?** 107

Meyer-Wittkopf M, Kaulitz R, Abele H, Schauf B, Hofbeck M,
Wallwiener D:
**Interventional fetal balloon valvuloplasty for congenital heart
disease—current shortcomings and possible perspectives** 113

Carpenter TT, Kent ASH:
**A new method of quantifying endometriosis using digital
photography** 119

CASE REPORTS

Khopkar U, Williams RM, Torrie P:
**Prehysterectomy embolisation of uterine arteries for large
uterine fibroids—a report** 127

Jameel JKA, Ahmed T, Noble WL, Phillips K, Tilsed JVT:
Microwave endometrial ablation (MEA) and bowel injury 131

Taylor AA, Kenny N, Edmonds S, Hole L, Norbrook M, English J:
**Postmenopausal endometriosis and malignant transformation
of endometriosis: a case series** 135

English J, Vincent K, Edmonds S, Beard R, Morrison I:
**Post-menopausal endometriosis showing vascular
invasion** 139
