# Pharmaceutical Dictionary

English · Deutsch · Français · Español

Anita Maas / James Brawley

The "Pharmaceutical Dictionary" provides English, German, French and Spanish translations for some 5,500 technical terms concentrating on the areas of production, quality control, quality assurance and regulatory affairs.

Pertinent technical terms from European Pharmacopoeias, GMP Guidelines and the like have been included as well as the terminology used or recommended by the EU, EMEA and ICH.

**The book** features a clearly arranged layout showing at a glance the translations from any of the four languages into the respective three reference languages.

**The CD-ROM** provides quick and convenient search functions, an export function for Windows applications and supports the compilation of individual lists of technical terms.
