

- Morning Glory Systemically Accumulates Scopolin and Scopolin after Interaction with *Fusarium oxysporum*
B.-I. SHIMIZU, H. MIYAGAWA, T. UENO, K. SAKATA, K. WATANABE, and K. OGAWA 83
- Purification and Biochemical Characterization of Polygalacturonases Produced by *Aureobasidium pullulans*
E. STRATILOVÁ, M. DZÚROVÁ, E. BREIEROVÁ, and J. OMELKOVÁ 91
- Degradation of Aromatic Compounds in Plants Grown under Aseptic Conditions
T. MITHAISHVILI, R. SCALLA, D. UGREKHELIDZE, B. TSERETELI, T. SADUNISHVILI, and G. KVESITADZE 97
- Transformations of Steroids by *Beauveria bassiana*
E. HUSZCZA, J. DMOCHOWSKA-GŁADYSZ, and A. BARTMAŃSKA 103
- Purification and Partial Characterization of an Extracellular Melanoprotein from the Fungus *Venturia inaequalis*
P. SINGH, M. PIOTROWSKI, and A. E. GAU 109
- Pigments and Citrinin Biosynthesis by Fungi Belonging to Genus *Monascus*
E. PISAREVA, V. SAVOV, and A. KUJUMDZIEVA 116
- A New Steroidal Saponin from *Agave brittoniana* and Its Biphasic Effect on the Na⁺-ATPase Activity
G. M. SILVA, A. M. DE SOUZA, L. S. LARA, T. P. MENDES, B. P. DA SILVA, A. G. LOPES, C. CARUSO-NEVES, and J. P. PARENTE 121
- Changes in Phenylalanine Ammonia-lyase Activity and Gene Expression during Storage of Asparagus Spears
P. K. BHOWMIK and T. MATSUI 128
- Antioxidant Activity and Angiotensin I-Converting Enzyme Inhibition by Enzymatic Hydrolysates from Bee Bread
T. NAGAI, T. NAGASHIMA, N. SUZUKI, and R. INOUE 133
- In vitro* Study of Flavonoids, Fatty Acids, and Steroids on Proliferation of Rat Hepatic Stellate Cells
F. A. BADRIA, A.-A. A. DAWIDAR, W. E. HOUSSEN, and W. T. SHIER 139
- Comparison of Different Procedures for the Lipid Extraction from HL-60 Cells: A MALDI-TOF Mass Spectrometric Study
M. PETKOVIĆ, A. VOCKS, M. MÜLLER, J. SCHILLER, and J. ARNHOLD 143

Contents of Number 3/4

- Preface 153

Original Communications

- Assessing and Managing Biological Risks of Plants Used for Bioremediation, Including Risks of Transgene Flow

- J. GRESSEL and H. AL-AHMAD 154

- A Ligand Function of Glutathione S-Transferase

- B. LEDERER and P. BÖGER 166

- Short Transcript-derived Fragments from the Metal Hyperaccumulator Model Species *Arabidopsis halleri*

- D. B. DRÄGER, K. VOIGT, and U. KRÄMER 172

- Phase I Xenobiotic Metabolic Systems in Plants

- T. KOMIVES and G. GULLNER 179

- Relay Cropping for Improved Air and Water Quality

- J. S. SCHEPERS, D. D. FRANCIS, and J. F. SHANAHAN 186

- Using Hyperaccumulator Plants to Phytoextract Soil Ni and Cd

- R. L. CHANEY, J. S. ANGLE, M. S. MCINTOSH, R. D. REEVES, Y.-M. LI, E. P. BREWER, K.-Y. CHEN, R. J. ROSEBERG, H. PERNER, E. C. SYNKOWSKI, C. L. BROADHURST, S. WANG, and A. J. M. BAKER 190

- Phytoremediation with Transgenic Trees

- A. D. PEUKE and H. RENNENBERG 199
