The Thoracic and Cardiovascular Surgeon

online www.thieme-connect.com

3 Volume 54 · April 2006 · Page 145–218

History

- 145 A. Rukosujew, M. Fugmann, H. H. Scheld, Muenster, Germany
Technik der Gefäßanastomose: Ein Blick in die Geschichte der Entwicklung

Original Cardiovascular

- 150 F. Schoenhoff, N. Kayhan, G. Thomas, K. K. Haase, M. Borggreffe, H. A. Katus, S. Hagl, C. F. Vahl, Mainz, Heidelberg and Mannheim, Germany
Bridge to Operation with the GPIIb/IIIa Inhibitor Abciximab in High-Risk Coronary Patients
- 157 S. Christiansen, R. Autschbach, Aachen, Germany
Perioperative Risk of Aortic Valve Replacement After Coronary Artery Bypass Grafting
- 162 A. Straub, R. Azevedo, W. Beierlein, H. P. Wendel, K. Dietz, G. Ziemer, Tübingen, Germany
Tirofiban (Aggrastat®) Protects Platelets and Decreases Platelet-Granulocyte Binding in an Extracorporeal Circulation Model
- 168 F. Harig, C. Meier, L. Hakami, R. Strasser, J. Bretzger, F. Münch, E. Vestweber-Wilmes, H. Singer, M. Weyand, R. Cesnjevar, Erlangen, Germany
Does the Additional Use of Heparin-Coated Extracorporeal Circuits (ECC) Optimize the Effect of Modified Ultrafiltration (MUF) in Pediatric Perfusion?
- 173 G. Dohmen, C. Schmitz, G. Langebartels, U. Steinseifer, T. Schmitz-Rode, R. Autschbach, Aachen, Germany
Impact of Pressure Recovery in the Evaluation of the Omnicarbon™ Tilting Disc Valve
- 178 A. Dodge-Khatami, D. Deanovic, P. Sacher, M. Weiss, A. C. Gerber, Zürich, Switzerland
Clinically Relevant Tracheomalacia after Repair of Esophageal Atresia: the Role of Minimal Intra-Operative Dissection and Timing for Aortopexy

Original Thoracic

- 182 J. Pfannschmidt, P. Geisbüsch, T. Muley, H. Diene-mann, H. Hoffmann, Heidelberg, Germany
Surgical Treatment of Primary Soft Tissue Sarcomas Involving the Chest: Experiences in 25 Patients
- 188 E. Lim, A. Ali, N. Cartwright, I. Sousa, A. Chetwynd, M. Polkey, D. Geddes, J. Pepper, P. Diggle, P. Gold-straw, London and Lancaster, United Kingdom
Effect and Duration of Lung Volume Reduction Surgery: Mid-Term Results of the Brompton Trial

- 193 C. Tezel, S. Urek, M. Keles, H. Kiral, A. Koşar, C. Dudu, B. Arman, Istanbul, Turkey
Detecting the Limits of Bronchial Closure Methods in an Animal Model
- 198 H. Yanardağ, M. Caner, K. Kaynak, S. Uygun, S. Demirci, T. Karayel, Istanbul, Turkey
Clinical Value of Mediastinoscopy in the Diagnosis of Sarcoidosis: An Analysis of 68 Cases
- 202 T. Shiraishi, T. Shirakusa, T. Miyoshi, M. Hiratsuka, S. Yamamoto, A. Iwasaki, Fukuoka, Japan
A Completely Thoracoscopic Lobectomy/Segmentectomy for Primary Lung Cancer – Technique, Feasibility, and Advantages

Short Communications

- 208 S. Bleiziffer, P. Libera, R. Lange, Munich, Germany
Endoscopic Radial Artery Harvesting Through a Single Incision
- 210 T. D. T. Tjan, H. H. Scheld, C. Schmid, Muenster, Germany
Heart Transplantation After Fontan's Procedure with Bilateral Cavopulmonary Connections
- 212 A. Eren, R. Friedl, A. Hannekum, H. Gulbins, Ulm, Germany
Cardiac Surgery in a Patient with Haemophilia A
- 214 S.-C. Huang, W.-J. Ko, Y.-Y. Han, Y.-S. Chen, S.-S. Wang, Y.-C. Lee, Taipei, Taiwan
Mechanical Circulatory Support for Profound Cardiac Circulatory Shock Status Due to Postoperative Pulmonary Artery Bleeding
- 216 Ö. Sezer, A. Hoffmeier, O. Bettendorf, C. Franzius, M. Semik, C. Schmid, H. H. Scheld, Münster, Germany
Mucinous Cystadenocarcinoma – An Extremely Rare Tumor in a Young Patient

Letter to the Editor

- 218 S. Bleiziffer, C. Schreiber, R. Lange, Munich, Germany
Comment on "Patient Attitudes to Sternotomy and Thoracotomy Scars" by Crossland et al.
