## European Genetic Engineering Law

Regulations · Directives · Decisions

## Europäisches Gentechnikrecht

Verordnungen · Richtlinien · Entscheidungen

Compiled and edited by Horst Hasskarl

The present edition of the book discusses an amendment of the Novel Food Directive, which will ensure a decisive completion to the information of the consumer. To this aim EC Regulation proposals concerning Novel Food/Novel Food and traceability and labelling have been published.

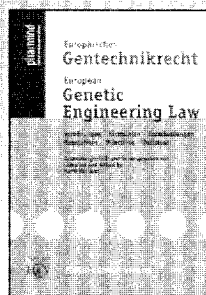

These recent developments caused the editor and the publishing house to compile all relevant EC-Regulations and EC-Directives in a book.

The present edition contains the respective texts in both German and English.

The present edition contains the respective texts in both German and English.
