

mycoses

Diagnosis, Therapy and Prophylaxis of Fungal Diseases

Official Publication of Deutschsprachige Mykologische Gesellschaft

VOLUME 50

MAY 2007

NUMBER 3

CONTENTS

ORIGINAL ARTICLES

- Q. Yang, Q.-p. Su, G.-y. Wang, D.-z. Wen, Y.-h. Zhang, H.-z. Bao, L. Wang.** Production of hybrid phage displaying secreted aspartyl proteinase epitope of *Candida albicans* and its application for the diagnosis of disseminated candidiasis 165
- B. Falkensammer, G. Pilz, J. Bektić, P. Imwidthaya, K. Jöhrer, C. Speth, C. Lass-Flörl, M. P. Dierich, R. Würzner.** Absent reduction by HIV protease inhibitors of *Candida albicans* adhesion to endothelial cells 172
- G. Sóczó, G. Kardos, P. M. McNicholas, E. Falusi, L. Gergely, L. Majoros.** Posaconazole susceptibility testing against *Candida* species: comparison of broth microdilution and E-test methods 178
- A. B. A. Teixeira, M. L. Moretti, H. C. Machado, K. Nishimura, H. Taguchi, A. Z. Schreiber.** Evaluation of the inhibitory effect of amphotericin B on the apical growth of *F. solani* using the BioCell-Tracer® System 183
- M. Yıldırım, I. Sahin, A. Kucukbayrak, D. Ozdemir, M. Tefik Yavuz, S. Oksuz, S. Cakir.** Hand carriage of *Candida* species and risk factors in hospital personnel 189
- D. Rigopoulos, S. Gregoriou, G. Kontochristopoulos, A. Ifantides, A. Katsambas.** Flutrimazole shampoo 1% versus ketoconazole shampoo 2% in the treatment of pityriasis versicolor. A randomised double-blind comparative trial 193
- S. Schwartz, M. Ruhnke, P. Ribaud, E. Reed, P. Troke, E. Thiel.** Poor efficacy of amphotericin B-based therapy in CNS aspergillosis 196
- N. Haldar, M. K. Sharma, H. C. Gugnani.** Sporotrichosis in north-east India 201
- C. Cordonnier, M. Bresnik, R. Ebrahimi.** Liposomal amphotericin B (AmBisome®) efficacy in confirmed invasive aspergillosis and other filamentous fungal infections in immunocompromised hosts: a pooled analysis 205
- L. R. P. Leme, T. M. P. Schubach, I. B. Santos, F. B. Figueiredo, S. A. Pereira, R. S. Reis, M. F. V. Mello, A. M. R. Ferreira, L. P. Quintella, A. O. Schubach.** Mycological evaluation of bronchoalveolar lavage in cats with respiratory signs from Rio de Janeiro, Brazil 210
- S. Nardoni, A. Franceschi, F. Mancianti.** Identification of *Microsporum canis* from dermatophytic pseudomycetoma in paraffin-embedded veterinary specimens using a common PCR protocol 215

GUIDELINE

- C. Seebacher, D. Abeck, J. Brasch, O. Cornely, G. Daeschlein, I. Effendy, G. Ginter-Hanselmayer, N. Haake, G. Hamm, Ch. Hipler, H. Hof, H. C. Korting, A. Kramer, P. Mayser, M. Ruhnke, K.-H. Schlacke, H.-J. Tietz.** Tinea capitis: ringworm of the scalp 218
