

# Langenbeck's Archives of Surgery

Volume 392 · Number 4 · July 2007

## **Current concepts in endocrine surgery**

Miccoli P, Materazzi G, Antonelli A, Panucci E, Frustaci G, Berti P:

**New trends in the treatment of undifferentiated carcinomas of the thyroid** 397

Lorenz K, Gimm O, Holzhausen HJ, Kittel S, Ukkat J, Thanh PN, Brauckhoff M, Dralle H:

**Riedel's thyroiditis: impact and strategy of a challenging surgery** 405

Ruggieri M, Straniero A, Genderini M, D'Armiento M, Fumarola A, Trimboli P, Gargiulo P:

**The eligibility of MIVA approach in thyroid surgery** 413

Wada N, Suganuma N, Nakayama H, Masudo K, Rino Y, Masuda M, Imada T:

**Microscopic regional lymph node status in papillary thyroid carcinoma with and without lymphadenopathy and its relation to outcomes** 417

## **Original articles**

Bohrer T, Hagemeyer M, Elert O:

**A clinical chameleon: postoperative hypoparathyroidism** 423

Riss P, Kaczirek K, Bieglmayer C, Niederle B:

**PTH spikes during parathyroid exploration—a possible pitfall during PTH monitoring?** 427

Ziaja J, Chudek J, Król R, Pawlicki J, Więcek A, Cierpka L:

**Rare normalization of blood pressure after unilateral adrenalectomy in 31 patients with Conn syndrome** 431

Waldmann J, Bartsch DK, Kann PH, Fendrich V, Rothmund M, Langer P:

**Adrenal involvement in multiple endocrine neoplasia type 1: results of 7 years prospective screening** 437

Bergenfels A, Jansson S, Mårtensson H, Reihner E, Wallin G, Kristoffersson A, Lausen I:

**Scandinavian quality register for thyroid and parathyroid surgery: audit of surgery for primary hyperparathyroidism** 445

Conze J, Krones CJ, Schumpelick V, Klinge U:

**Incisional hernia: challenge of re-operations after mesh repair** 453

Fachinelli A, Trindade MRM:

**Qualitative and quantitative evaluation of total and types I and III collagens in patients with ventral hernias** 459

Junge K, Klinge U, Rosch R, Lynen P, Binnebösel M, Conze J, Mertens PR, Schwab R, Schumpelick V:

**Improved collagen type I/III ratio at the interface of gentamicin-supplemented polyvinylidene fluoride mesh materials** 465

Ott R, Hartwig T, Tannapfel A, Blatz R, Rodloff AC, Madaj-Sterba P, Möbius C, Köckerling F:

**Biocompatibility of bacterial contaminated prosthetic meshes and porcine dermal collagen used to repair abdominal wall defects** 473

Cheng Y-J, Kao E-L:

**Expandable metal stents as an alternative treatment of cuff-related tracheal stenosis in tracheostomy-dependent ventilated patients: a prospective study of nine cases and description of the complications** 479

## **How to do it**

Königsrainer I, Steurer W, Witte M, Königsrainer A:

**Liver resection without hilus preparation and with selective intrahepatic hilus stapling for benign tumors and liver metastasis** 485

## **Case management and clinical consequences**

Marjanovic G, Obermaier R, Benz S, Bley T, Juetner E, Hopt UT, Adam U:

**Complete pancreatic encasement of the portal vein—surgical implications of an extremely rare anomaly** 489

Berindoague R, Targarona E, Savelli A, Pernas J, Lloreta J:

**Mucinous cystadenocarcinoma of the pancreas diagnosed in postpartum** 493

## **Mastery in surgery**

Lippert H:

**Helmut Wolff, Prof. Dr. med, Dr med hc, emeritus chair and professor of Surgery, Charité, Humboldt University Berlin** 497

## **Forthcoming articles in print**

published online and citable with the DOI (Digital Object Identifier) can be found at [springerlink.com](http://springerlink.com)
