

ORIGINAL PAPERS

Renal dysfunction is associated with shorter telomere length in heart failure

L.S.M. Wong · P. van der Harst · R.A. de Boer · V. Codd · J. Huzen · N.J. Samani · H.L. Hillege · A.A. Voors · W.H. van Gilst · T. Jaarsma · D.J. van Veldhuisen 629

Comparison of hospital-based versus home-based exercise training in patients with heart failure: effects on functional capacity, quality of life, psychological symptoms, and hemodynamic parameters

H. Karapolat · E. Demir · Y.T. Bozkaya · S. Eyigor · S. Nalbantgil · B. Durmaz · M. Zoghi 635

Predictors of preoperative depressive risk in patients undergoing coronary artery bypass graft surgery

A. Dunkel · F. Kendel · E. Lehmkuhl · B. Babitsch · S. Oertelt-Prigione · R. Hetzer · V. Regitz-Zagrosek 643

A simple MR algorithm for estimation of myocardial salvage following acute ST segment elevation myocardial infarction

C.J. Jensen · D. Bleckmann · H.C. Eberle · K. Nassenstein · T. Schlosser · G.V. Sabin · C.K. Naber · O. Bruder 651

Endovascular reconstruction of the aortic bifurcation in patients with Leriche syndrome

H. Krankenberg · M. Schlüter · C. Schwencke · D. Walter · A. Pascotto · J. Sandstede · T. Tübler 657

Association of exercise capacity and the heart rate profile during exercise stress testing with subclinical coronary atherosclerosis: data from the Heinz Nixdorf Recall study

S. Möhlenkamp · N. Lehmann · A. Schmermund · U. Roggenbuck · S. Moebus · N. Dragano · M. Bauer · H. Kälsch · B. Hoffmann · A. Stang · M. Bröcker-Preuss · M. Böhm · K. Mann · K.-H. Jöckel · R. Erbel · on behalf of the Heinz Nixdorf Recall Study Investigators 665

CLINICAL CORRESPONDENCES

Symptomatic and hemodynamic benefit of pentaerythrityl tetranitrate and hydralazine in a case of congestive heart failure

T. Gori · T. Münzel 677

Effects of selective I_f-channel inhibition with ivabradine on hemodynamics in a patient with restrictive cardiomyopathy

P. Wenzel · N. Abegunewardene · T. Münzel 681

Lost central venous line caused tricuspid stenosis after 28 years

C. Schimmer · F. Panther · R. Leyh · W. Voelker · O. Ritter 685

Left main PCI after trans-subclavian CoreValve implantation. Successful outcome of a combined procedure for management of a rare complication

U. Gerckens · G. Latsios · R. Mueller · L. Buellfeld · B. Sauren · S. Iversen · T. Felderhof · E. Grube 687
