

ORIGINAL PAPERS

Catheter ablation of atrial fibrillation using the Navx-/Ensite-system and a CT-/MRI-guided approach

K. Kettering · G.F. Greil · M. Fenchel · U. Kramer · H.-J. Weig · M. Busch · S. Miller · L. Sieverding · R. Laszlo · J. Schrieck **285**

Minor troponin T elevation in patients 6 months after acute myocardial infarction: an observational study

M. Neizel · H. Steen · G. Korosoglou · D. Lossnitzer · S. Lehrke · B.T. Ivandic · H.A. Katus · E. Giannitsis **297**

Prevalence of asymptomatic mitral valve malformations

H. Bär · A. Siegmund · D. Wolf · S. Hardt · H.A. Katus · D. Mereles **305**

Improved microcirculation in patients with an acute ST-elevation myocardial infarction treated with the Impella LP2.5 percutaneous left ventricular assist device

K. Lam · K.D. Sjauw · J.P.S. Henriques · C. Ince · B.A.J.M. de Mol **311**

Rapid and accurate determination of relative infarct size in humans using contrast-enhanced magnetic resonance imaging

M. Neizel · M. Katoh · E. Schade · T. Rassaf · G.A. Krombach · M. Kelm · H.P. Kühl **319**

Comparison of two different paclitaxel-coated balloon catheters in the porcine coronary restenosis model

B. Cremers · M. Biedermann · D. Mahnkopf · M. Böhm · B. Scheller **325**

CLINICAL CORRESPONDENCES

Tuberculoma of the myocardium: a rare case of intra-vitam diagnosis

J. Licht · C. Diefenbach · A. Stang · V. Hartmann · J. Bolte · D. Kirsten **331**

Perioperative antiplatelet therapy in patients at risk for coronary stent thrombosis undergoing noncardiac surgery

B. Bigalke · P. Seizer · T. Geisler · S. Lindemann · M. Gawaz · A.E. May **335**
