

CLINICAL TRIAL UPDATES AND HOTLINE SESSIONS

**Hotline sessions and clinical trial updates presented at the European Society of Cardiology Congress in Stockholm 2010**

M. Lenski · F. Mahfoud · C. Werner · A. Bauer · M. Böhm 679

REVIEW

**Amiodarone-induced pulmonary toxicity: an under-recognized and severe adverse effect?**

M. Schwaiblmair · T. Berghaus · T. Haeckel · T. Wagner · W. von Scheidt 693

ORIGINAL PAPERS

**Parasympathetic but not sympathetic cardiac dysfunction at early stages of Parkinson's disease**

A. Buob · H. Winter · M. Kindermann · G. Becker · J.C. Möller · W.H. Oertel · M. Böhm 701

**Diagnosis of early myocarditis after respiratory or gastrointestinal tract viral infection: insights from cardiovascular magnetic resonance**

M. Jeserich · S. Konstantinides · M. Olschewski · G. Pavlik · C. Bode · A. Geibel 707

**Admission glucose level and in-hospital outcomes in diabetic and non-diabetic patients with acute myocardial infarction**

A. Dziewierz · D. Giszterowicz · Z. Siudak · T. Rakowski · J.S. Dubiel · D. Dudek 715

**Prevalence and overlap of different lipid abnormalities in statin-treated patients at high cardiovascular risk in clinical practice in Germany**

A.K. Gitt · C. Jünger · W. Smolka · K. Bestehorn 723

**Impact of moderate exercise workload on predicted optimal AV and VV delays determined by an intracardiac electrogram-based method for optimizing cardiac resynchronization therapy**

M. Strauss · T. Becker · T. Kleemann · N. Dyck · F. Birkenhauer · K. Seidl 735

**Impact of inflammatory state and metabolic control on responsiveness to dual antiplatelet therapy in type 2 diabetics after PCI: prognostic relevance of residual platelet aggregability in diabetics undergoing coronary interventions**

T. Geisler · K. Mueller · S. Aichele · B. Bigalke · K. Stellos · P. Htun · E. Ninci · S. Fateh-Moghadam · A.E. May · M. Gawaz 743

**Catheter ablation of ventricular tachycardias in patients with ischemic cardiomyopathy: validation of voltage mapping criteria for substrate modification by myocardial viability assessment using FDG PET**

K. Kettering · H.J. Weig · M. Reimold · A.C. Schwegler · M. Busch · R. Laszlo · M. Gawaz · J. Schrieck 753

LETTERS TO THE EDITORS

**Inappropriate shock delivery by implantable cardioverter defibrillator due to electrical leak from bathroom tap**

A. Çamsarı · D.Ç. Yılmaz · T. Özcan 761

**Non-compaction cardiomyopathy of the left ventricle diagnosed by cardiac magnetic resonance in a 2-generation family**

G. Korosoglou · P. Ehlermann · D. Mereles · E. Giannitsis · H.A. Katus 765

ERRATUM

**Erratum to: Impact of inflammatory state and metabolic control on responsiveness to dual antiplatelet therapy in type 2 diabetics after PCI: prognostic relevance of residual platelet aggregability in diabetics undergoing coronary interventions**

T. Geisler · K. Mueller · S. Aichele · B. Bigalke · K. Stellos · P. Htun · E. Ninci · S. Fateh-Moghadam · A.E. May · M. Gawaz 769
