

ORIGINAL PAPERS

Diagnostic superiority of a combined assessment of the systolic and early diastolic mitral annular velocities by tissue Doppler imaging for the differentiation of restrictive cardiomyopathy from constrictive pericarditis

T. Butz · C. Piper · C. Langer · M. Wiemer · T. Kottmann · A. Meissner · G. Plehn · H.J. Trappe · D. Horstkotte · L. Faber 207

Natriuretic peptides in the detection of preclinical diastolic or systolic dysfunction

C. Luers · R. Wachter · S. Kleta · M. Uhlir · J. Koschack · M. Scherer · L. Binder · C. Herrmann-Lingen · A. Zapf · B. Kulle · M.M. Kochen · B. Pieske 217

Glycoprotein VI as a prognostic biomarker for cardiovascular death in patients with symptomatic coronary artery disease

B. Bigalke · K. Stellos · T. Geisler · S. Lindemann · A.E. May · M. Gawaz 227

Impact of routine angiographic follow-up after percutaneous coronary drug-eluting stenting for unprotected left main disease: the Turin Registry

G.G.L. Biondi-Zoccai · E. Giraudi · C. Moretti · F. Sciuto · P. Omedè · D. Sillano · P. Garrone · G.P. Trevi · I. Sheiban 235

CLINICAL CORRESPONDENCES

Unusual cause of syncope in young girl: arrhythmogenic right ventricular cardiomyopathy

M. Mutschelknauss · L. Jörg · F. Schmid · H. Rickli · P. Ammann 243

Restrictive ventricular septal defect and critical subaortic stenosis in tetralogy of Fallot

G. Kerst · R. Kaulitz · L. Sieverding · C. Aplitz · G. Ziemer · M. Hofbeck 247

Beneficial effect of delayed reperfusion in ST elevation myocardial infarction despite transmural necrosis documented in cardiac magnetic resonance imaging

G. Pilz · T. Heer · E. Harrer · M. Klos · B. Höfling 251

Mid-term follow-up after retrograde recanalization of chronically occluded saphenous vein graft

A.R. Galassi · S.D. Tomasello · L. Costanzo · C. Tamburino 257

LETTERS TO THE EDITORS

Comment on: Jeserich M, Konstantinides S, Pavlik G, Bode C, Geibel A (2009) Non-invasive imaging in the diagnosis of acute viral myocarditis. Clin Res Cardiol 98:753–763
