REVIEW ARTICLE

- A. Tragiannidis, G. Bisping, G. Koehler, A. H. Groll.** Minireview: *Malassezia* infections in immunocompromised patients 187

ORIGINAL ARTICLES

- Z. Szabo, A. Borbely, G. Kardos, F. Somogyvari, A. Kemény-Beke, L. Asztalos, F. Rozgonyi, L. Majoros.** *In vitro* efficacy of amphotericin B, 5-fluorocytosine, fluconazole, voriconazole and posaconazole against *Candida dubliniensis* isolates using time-kill methodology 196

- L. O. S. Vargas, E. Eraso, A. J. Carrillo-Muñoz, J. M. Aguirre, L. A. Gaitán-Cepeda, G. Quindós.** *In vitro* activity of voriconazole against Mexican oral yeast isolates 200

- A. Ciebiada-Adamiec, E. Małafiej, I. Ciebiada.** Inhibitory effect of nicotinamide on enzymatic activity of selected fungal strains causing skin infection 204

- S. Tobudic, A. Lassnigg, C. Kratzer, W. Graninger, E. Prestlerl.** Antifungal activity of amphotericin B, caspofungin and posaconazole on *Candida albicans* biofilms in intermediate and mature development phases 208

- C.-W. So, P. W. K. Tsang, P.-C. Lo, C. J. Seneviratne, L. P. Samaranyake, W.-P. Fong.** Photodynamic inactivation of *Candida albicans* by BAM-SiPc 215

- Y. Yoshijima, K. Murakami, S. Kayama, D. Liu, K. Hirota, T. Ichikawa, Y. Miyake.** Effect of substrate surface hydrophobicity on the adherence of yeast and hyphal *Candida* 221

- M. C. Gutierrez-Galhardo, R. M. Zancopé-Oliveira, A. Monzón, J. L. Rodríguez-Tudela, M. Cuenca-Estrella.** Antifungal susceptibility profile *in vitro* of *Sporothrix schenckii* in two growth phases and by two methods: microdilution and E-test 227

- R. G. Lund, P. da Silva Nascente, A. Etges, G. A. Ribeiro, P. L. Rosalen, F. A. B. Del Pino.** Occurrence, isolation and differentiation of *Candida* spp. and prevalence of variables associated to chronic atrophic candidiasis 232

- J. P. Demchok, J. Meletiadis, E. Roilides, T. J. Walsh.** Comparative pharmacodynamic interaction analysis of triple combinations of caspofungin and voriconazole or ravuconazole with subinhibitory concentrations of amphotericin B against *Aspergillus* spp. 239

- T. C. Daboit, C. D. O. Stopiglia, G. L. von Poser, M. L. Scroferneker.** Antifungal activity of *Pterocaulon alopecurooides* (Asteraceae) against chromoblastomycosis agents 246

- S. J. Hashemi, M. Gerami, E. Zibafar, M. Daei, M. Moazeni, A. Nasrollahi.** Onychomycosis in Tehran: mycological study of 504 patients 251
