

Contents

Genetic diversity of saline rice cultivars based on RAPD markers <i>M. Venkatesan, Y. Anbuselvam, P. Karthikeyan and R. Elangaimannan</i>	173-178
Heterosis and inbreeding depression for yield and kernel characters in scented rice <i>L.L. Panwar* and Mashiat Ali</i>	179-187
Genetic variability of nutritional and cooking quality traits in bold grained rice <i>R. Chakraborty, S. Chakraborty*, B.K. Dutta and S.B. Paul</i>	188-192
Combining ability analysis for yield and component traits under saline-alkali soil in rice <i>Manoj Kumar*, K. Kumar, G.P. Verma and O.P. Verma</i>	193-200
Characterization of rice germplasm of West Bengal <i>Sangeeta Das and Amitava Ghosh*</i>	201-205
Phenotypic stability for grain yield and its components in upland rice genotypes <i>D.N. Bastia, T.K. Mishra* and S.R. Das</i>	206-210
Evaluation of CMS lines for out crossing potential in rice <i>M. Umadevi, P. Veerabhadhiran, S. Manonmani, P. Shanmugasundaram, D. Malarvizhi and K. Mohanasundaram</i>	211-214
Effect of integrated nutrient management on yield and seed quality in rice <i>Y.V. Singh*, K.K. Singh, S.K. Sharma and D.S. Meena</i>	215-220
Influence of integrated nutrient management on crop yield in rainfed rice-niger cropping sequence <i>Bhabesh Gogoi*, N.G. Barua and T.C. Baruah</i>	221-226
Leaf sheath histochemistry and stylet path in relation to brown planthopper resistance in rice <i>K. Vanitha*, S. Suresh and M. Maheswaran</i>	227-230

Community analysis of major plant parasitic nematodes associated with rice in Himachal Pradesh <i>Sunil Kumar, Y.S. Chandel and P.K. Sharma*</i>	231-236
Starch and protein profile of hill rice cultivars of Assam <i>S. Baishya*, K. Pathak, A.M. Baruah and S. Rathi</i>	237-242
Nutritive value and seed protein of deep-water rice cultivars of Assam <i>Pojul Loying, Gautam K. Handique* and A.K. Handique</i>	243-247
SHORT COMMUNICATION	
Heterotic expression of two line hybrids in rice <i>R. Chandirakala*, G. Kandasamy and K. Thiyagarajan</i>	248-251
Evaluation of cytoplasmic male sterile lines of rice for temperate region <i>Asif B. Shikari*, G.A. Parray and Manzoor A. Ganai</i>	252-253
Effect of age of seedling and application of nitrogen on wet season rice <i>A.K. Pal* and R. Mahunta</i>	254-256
Characterization of seedling blight on rice variety Sarala <i>S.R. Dhua, Urmila Dhua* and Apurba Chhotaray</i>	257-259
