

187 Thoughts from the president's address

R. Roka

189 Annual Meeting of the Austrian Society of Surgery – Present and future

A. Tuchmann

190 When nature goes mad and chills out

F. M. Riegler

193 Editorial

N. Bonaros

195 Robotically assisted minimal invasive and endoscopic coronary bypass surgery

T. Schachner, N. Bonaros, D. Wiedemann, E. J. Lehr, F. Weidinger, G. Friedrich, D. Zimrin, J. Bonatti

198 Hybrid coronary revascularization – techniques and outcome

J. Bonatti, E. J. Lehr, M. Vesely, G. Friedrich, T. Schachner, N. Bonaros, B. Griffith, D. Zimrin

205 Robotic mitral valve surgery

E. J. Lehr, E. Rodriguez, L. W. Nifong, W. R. Chitwood

212 Robotic totally endoscopic surgery for congenital cardiac anomalies

D. Wiedemann, T. Schachner, A. Kocher, F. Weidinger, J. Bonatti, N. Bonaros

218 Robotic surgery for mediastinal tumors

F. Augustin, T. Schmid, J. Bodner

224 Minimally invasive approaches for lung lobectomy – from VATS to robotic and back!

J. Bodner, Thomas Schmid, F. Augustin

Original Scientific Paper

229 Loop retraction of the gallbladder in single incision laparoscopic cholecystectomy*

C. Rabl, J. Hutter, S. Reich-Weinberger, K. Emmanuel, D. Oefner-Velano

233 One-stage surgical management for lung and liver hydatid diseases

Y. A. Karamustafaoglu, G. Reyhan, M. Kuzucuoglu, Y. Yoruk

236 Does gentamycin affect long term recurrence rate in pilonidal sinus surgery?

D. Doll, T. Evers, E. Matevossian, S. Hoffmann, B. Krapohl, D. Bartsch

Selected Commentary

244 Selected Commentary to “Pneumatic dilation versus laparoscopic Heller’s myotomy for idiopathic achalasia”

M. Costantini, G. Zaninotto
