

mycoses

Diagnosis, Therapy and Prophylaxis of Fungal Diseases

Official Publication of Deutschsprachige Mykologische Gesellschaft

VOLUME 54

OCTOBER 2011

SUPPLEMENT 3

CONTENTS

EDITORIAL

- G. S. de Hoog, V. Robert, M. Lackner, M. J. G. T. Vehreschild, J. J. Vehreschild, F. Symoens, E. Göttlich-Fligg, D. Garcia Hermoso, A. Harun, W. Meyer, S. C. A. Chen, A. Hamprecht, G. Fischer, W. Buzina, O. A. Cornely, J. Guarro, J. Cano, R. Horr .** Making Moulds Meet Information retrieval as a basis for understanding *Pseudallescheria* and *Scedosporium* 1

ORIGINAL ARTICLES

- Q. Lu, A. H. G. G. van den Ende, G. S. de Hoog, R. Li, I. Accoceberry, I. Durand-Joly, J.-P. Bouchara, F. Hernandez, L. Delhaes.** Reverse line blot hybridisation screening of *Pseudallescheria/Scedosporium* species in patients with cystic fibrosis 5
- M. Lackner, A. Rezusta, M. C. Villuendas, M. P. Palacian, J. F. Meis, C. H. Klaassen.** Infection and colonisation due to *Scedosporium* in Northern Spain. An *in vitro* antifungal susceptibility and molecular epidemiology study of 60 isolates 12
- M. Lackner, E. H. De Man, D. Eygendaal, R. G. F. Wintermans, J. A. Kluytmans, C. H. Klaassen, J. F. Meis.** Severe prosthetic joint infection in an immunocompetent male patient due to a therapy refractory *Pseudallescheria apiosperma* 22

REVIEW ARTICLE

- L. C. L. Lopes, M. I. D. da Silva, V. C. B. Bittencourt, R. T. Figueiredo, R. Rollin-Pinheiro, G. L. Sasaki, M. T. Bozza, P. A. J. Gorin, E. Barreto-Bergter.** Glycoconjugates and polysaccharides from the *Scedosporium/Pseudallescheria boydii* complex: structural characterisation, involvement in cell differentiation, cell recognition and virulence 28

ORIGINAL ARTICLES

- L. Krasny, M. Strohalm, J.-P. Bouchara, M. Sulc, K. Lemr, E. Barreto-Bergter, V. Havlicek.** *Scedosporium* and *Pseudallescheria* low molecular weight metabolites revealed by database search 37
- M. Hell, J. Neureiter, A. Wojna, E. Presterl, B. Willinger, G. S. de Hoog, M. Lackner.** Post-traumatic *Pseudallescheria apiosperma* osteomyelitis: positive outcome of a young immunocompetent male patient due to surgical intervention and voriconazole therapy 43
- J. Rainer, G. Rambach, J. Kaltseis, M. Hagleitner, S. Heiss, C. Speth.** Phylogeny and immune evasion: a putative correlation for cerebral *Pseudallescheria/Scedosporium* infections 48
- R. Horr , K. P. Schaal, G. Marklein, G. S. de Hoog, S.-M. Reiffert.** Physiological typing of *Pseudallescheria* and *Scedosporium* strains using *Taxa Profile*, a semi-automated, 384-well microtitre system 56
