

## CONTENTS

### ENVIRONMENT, WELL-BEING, AND BEHAVIOR

- Preslaughter mortality of broilers in relation to lairage and season in a subtropical climate  
F. M. C. Vieira, I. J. O. Silva, J. A. D. Barbosa Filho, A. M. C. Vieira,  
and D. M. Broom..... 2127
- Effects of in ovo injection of carbohydrates on embryonic metabolism, hatchability, and subsequent  
somatic characteristics of broiler hatchlings  
W. Zhai, P. D. Gerard, R. Pulikanti, and E. D. Peebles ..... 2134
- Time course changes in selected biochemical indices of broilers in response to pretransport handling  
E. Voslarova, P. Chloupek, P. Vosmerova, J. Chloupek, I. Bedanova, and V. Vecerek ..... 2144
- Production performance and proportion of nest eggs in layer hybrids housed in different designs  
of furnished cages  
H. Wall..... 2153

### Research Notes

- Egg yolk and serum antibody titers of broiler breeder hens immunized with uricase and or urease  
A. Adrizal, P. H. Patterson, T. Cravener, and G. L. Hendricks III ..... 2162
- Influence of storage on the position of the germinal disc in the fertilized unincubated chicken egg  
A. Burkhardt, S. Meister, R. Bergmann, and E. Koch ..... 2169

### GENETICS

- Estimates of genetic parameters, and cluster and principal components analyses of breeding values  
related to egg production traits in a White Leghorn population  
R. P. Savegnago, S. L. Caetano, S. B. Ramos, G. B. Nascimento, G. S. Schmidt,  
M. C. Ledur, and D. P. Munari ..... 2174
- Diversity and origin of South African chickens  
B. J. Mtileni, F. C. Muchadeyi, A. Maiwashe, M. Chimonyo, E. Groeneveld,  
S. Weigend, and K. Dzama ..... 2189
- Variation of genetic diversity over time in local Italian chicken breeds undergoing in situ conservation  
E. Zanetti, M. De Marchi, M. Abbadì, and M. Cassandro..... 2195
- Genetic evaluation of carcass composition and fat deposition in Japanese quail  
E. Lotfi, S. Zerehdaran, and M. Ahani Azari ..... 2202

### IMMUNOLOGY, HEALTH, AND DISEASE

- The effect of dietary n-6:n-3 ratio and sex on broiler breeder immunity  
A. Khatibjoo, H. Kermanshahi, A. Golian, and M. Zaghari ..... 2209
- Antimicrobial activity of butyrate glycerides toward *Salmonella* Typhimurium and *Clostridium*  
*perfringens*  
H. Namkung, H. Yu, J. Gong, and S. Leeson ..... 2217
- Effects of copper-loaded chitosan nanoparticles on growth and immunity in broilers  
C. Wang, M. Q. Wang, S. S. Ye, W. J. Tao, and Y. J. Du..... 2223
- Genetic analyses of avian influenza viruses in Mongolia, 2007 to 2009, and their relationships  
with Korean isolates from domestic poultry and wild birds  
H.-M. Kang, M.-C. Kim, J.-G. Choi, D. Batchuluun, T.-O. Erdene-Ochir, M.-R. Paek,  
R. Sodnomdarjaa, J.-H. Kwon, and Y.-J. Lee ..... 2229
- Cellular immune responses, chemokine, and cytokine profiles in turkey poult following infection  
with the intestinal parasite *Eimeria adenoeides*  
U. Gadde, H. D. Chapman, T. Rathinam, and G. F. Erf..... 2243

Effect of supplemental L-threonine on mucin 2 gene expression and intestine mucosal immune and digestive enzymes activities of laying hens in environments with high temperature and humidity M. M. M. Azzam, X. T. Zou, X. Y. Dong, and P. Xie.....	2251
Research on <i>Salmonella</i> in broiler litter reused for up to 14 consecutive flocks V. F. B. Roll, M. A. Dai Prá, and A. P. Roll .....	2257
Natural antibody isotypes as predictors of survival in laying hens Y. Sun, H. K. Parmentier, K. Frankena, and J. J. van der Poel.....	2263

### Research Note

Modulation of innate and adaptive immunity by the probiotic <i>Bifidobacterium longum</i> PCB133 in turkeys S. Seifert, C. Fritz, N. Carlini, S. W. Barth, C. M. A. P. Franz, and B. Watzl.....	2275
----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------

### METABOLISM AND NUTRITION

Effects of a monocomponent protease on performance and protein utilization in 7- to 22-day-old broiler chickens C. R. Angel, W. Saylor, S. L. Vieira, and N. Ward.....	2281
Effects of supplementation of canola meal-based diets with arginine on performance, plasma nitric oxide, and carcass characteristics of broiler chickens grown at high altitude F. Khajali, M. Tahmasebi, H. Hassanpour, M. R. Akbari, D. Qujeq, and R. F. Wideman.....	2287

### MOLECULAR, CELLULAR, AND DEVELOPMENTAL BIOLOGY

Expression of the chicken peptide transporter 1 and the peroxisome proliferator-activated receptor $\alpha$ following feed restriction and subsequent refeeding S. L. Madsen and E. A. Wong .....	2295
The effect of in ovo administration of mannan oligosaccharide on small intestine development during the pre- and posthatch periods in chickens S. L. Cheled-Shoval, E. Amit-Romach, M. Barbakov, and Z. Uni.....	2301

### PHYSIOLOGY, ENDOCRINOLOGY, AND REPRODUCTION

Effects of dietary supplementation of methionine and its hydroxy analog DL-2-hydroxy-4-methylthiobutanoic acid on growth performance, plasma hormone levels, and the redox status of broiler chickens exposed to high temperatures H. Willemsen, Q. Swennen, N. Everaert, P.-A. Geraert, Y. Mercier, A. Stinckens, E. Decuyper, and J. Buyse .....	2311
The effect of active immunization against vasoactive intestinal peptide and inhibin on reproductive performance of young White Leghorn roosters N. Avital-Cohen, R. Heiblum, N. Argov, A. Rosenstrauch, Y. Chaiseha, N. Mobarkey, and I. Rozenboim.....	2321
Effects of lipopolysaccharide on the expression of proinflammatory cytokines and chemokines and the subsequent recruitment of immunocompetent cells in the oviduct of laying and molting hens T. Nii, Y. Sonoda, N. Isobe, and Y. Yoshimura .....	2332

### Research Note

Effects of egg position during late incubation on hatching parameters and chick quality L. J. F. van de Ven, L. Baller, A. V. van Wagenberg, B. Kemp, and H. van den Brand.....	2342
------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------

### PROCESSING, PRODUCTS, AND FOOD SAFETY

Effect of stress on carnosine levels in brain, breast, and thigh of broilers P. S. Manhiani, J. K. Northcutt, I. Han, W. C. Bridges, T. R. Scott, and P. L. Dawson .....	2348
Comparison of breast muscle meat quality in 2 broiler breeds G. P. Zhao, H. X. Cui, R. R. Liu, M. Q. Zheng, J. L. Chen, and J. Wen .....	2355

Duration of transport and holding in lairage at constant postprandial delay to slaughter—Effects on fatty liver and breast muscle quality in mule ducks X. Fernandez, M. Bouillier-Oudot, C. Molette, M. D. Bernadet, and H. Manse .....	2360
Isolation and characterization of bacteriophages of <i>Salmonella enterica</i> serovar Pullorum H. Bao, H. Zhang, and R. Wang.....	2370

**Research Note**

Evaluating 3 gas-delivery systems for culturing <i>Campylobacter jejuni</i> in a microaerophilic environment M. D. Haines, K. N. Eberle, C. D. McDaniel, and A. S. Kiess .....	2378
-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------

**PRODUCTION, MODELING, AND EDUCATION**

Calcium and phosphorus dynamics in commercial laying hens housed in conventional or enriched cage systems M. Neijat, J. D. House, W. Guenter, and E. Kebreab .....	2383
Prediction of the true digestible amino acid contents from the chemical composition of sorghum grain for poultry M. R. Ebadi, M. Sedghi, A. Golian, and H. Ahmadi.....	2397

**Research Note**

The effects of incubation temperature on the sex of Japanese quail chicks A. Yilmaz, C. Tepeli, M. Garip, and T. Çağlayan .....	2402
------------------------------------------------------------------------------------------------------------------------------------	------

**ASSOCIATION NOTES**

Positions Available .....	2407
---------------------------	------
