

## CONTENTS

- Yang S.J., Du Z.Y., Yu Y., Zhang Z.L., Sun X.Y., Xing S.J.:  
Effects of root pruning on physico-chemical characteristics and biological properties of winter jujube rhizosphere soil ..... 493
- Zaller J.G., Saccani F., Frank T.:  
Effects of earthworms and mycorrhizal fungi on the growth of the medicinal herb *Calendula officinalis* (Asteraceae) ..... 499
- Liu X., Zhang W., Liu Z., Qu F., Tang X.:  
Changes in species diversity and above-ground biomass of shrubland over long-term natural restoration process in the Taihang Mountain in North China ..... 505
- Scherer H.W., Metker D.J., Welp G.:  
Effect of long-term organic amendments on chemical and microbial properties of a luvisol ..... 513
- Kumar A., Aery N.C.:  
Effect of tungsten on growth, biochemical constituents, molybdenum and tungsten contents in wheat ..... 519
- Mihalík J., Tlustoš P., Száková J.:  
The influence of citric acid on mobility of radium and metals accompanying uranium phytoextraction ..... 526
- Jursík M., Andr J., Holec J., Soukup J.:  
Efficacy and selectivity of post-emergent application of flumioxazin and oxyfluorfen in sunflower ..... 532
