

The Environmentalist

Volume 31 · Number 4 · December 2011

ORIGINAL PAPERS

Optimization of activated carbon production from empty fruit bunch fibers in one-step steam pyrolysis for cadmium removal from aqueous solution

M.F. Alkhatib · S.A. Muyibi · J.O. Amode 349

Multivariate approach for surface water quality mapping with special reference to nitrate enrichment in Sugadaira, Nagano Prefecture (Japan)

P. Kumar · S. Iwagami · L. Yaping · M. Mikita · T. Tanaka · T. Yamanaka 358

Interacting effects of pyrethroid and hormone on catalase and protein for toxicity amelioration in the freshwater fish, *Clarias batrachus*

N. Bandooni · G. Tripathi 364

Does radioactive contamination affect the shell morphology of the pond snail *Lymnaea stagnalis* in the exclusion zone of the Chernobyl NPP (Ukraine)?

M. Zuykov · D. Gudkov · M. Vinarski · E. Pelletier · D.A.T. Harper · S. Demers 369

Periodical monitoring with lichen, *Phaeophyscia hispidula* (Acn.) Moberg in Dehradun city, Uttarakhand, India

M. Rani · V. Shukla · D.K. Upreti · G.S. Rajwar 376

Carbofuran use and abuse in Kenya: residues in soils, plants, water courses and the African white-backed vultures (*Gyps africanus*) found dead

P.O. Otieno · J.O. Lalah · M. Virani · I.O. Jondiko · K.-W. Schramm 382

Water-holding capacity of earthworms' vermicompost made of sugar industry waste (press mud) in mono- and polyculture vermireactors

P.M. Munnoli · S. Bhosle 394

Dental fluorosis—a case study from Nawa tehsil in Nagaur district, Rajasthan (India)

R. Gautam · N. Bhardwaj · Y. Saini 401

Evaluation of water quality in the Ouémé River (Bénin)

M.B. Hounsou · B. Ahamide · E.K. Agbossou · T. Gaiser 407

BOOK REVIEW

Frank Uekoetter (ed): The turning points of environmental history
