DISEASES

- Morphological and molecular identification of airborne *Fusarium* propagules trapped in a maize field in Hungary
Á. Szécsi, Zsuzsanna Koncz and D. Magyar 175
- Yeast-Mycelium dimorphism in fumonisin-producing *Fusarium verticillioides*
Á. Szécsi and D. Magyar..... 185
- Morphological and molecular characterization of *Colletotrichum musae* isolates from various banana (*Musa* spp.) cultivars
G. Sangeetha, A. Anandan and R. Viswanathan 191
- Detection and identification of *Ageratum enation virus* infecting *Ageratum conyzoides* in India
N. Pandey, A. K. Tiwari, G. P. Rao and K. Shukla 203

INSECT PESTS

- Colonisation of first-year maize fields by Western corn rootworm (*Diabrotica virgifera virgifera* LeConte) from adjacent infested maize fields
M. Szalai, J. Kőszegi, S. Toepfer and J. Kiss..... 213
- Performance of traps baited with pear ester-based lures vs. pheromone baited ones for monitoring codling moth *Cydia pomonella* L. in Hungary
K. Hári, B. Péntzes, J. Jósvali, I. Holb, I. Szarukán, I. Szólláth, I. Vitányi,
S. Koczor, M. Ladányi and M. Tóth..... 225
- Development of a female-targeted attractant for the click beetle, *Agriotes ustulatus* Schwarz
M. Tóth, L. Furlan, I. Szarukán and J. Vuts 235
- Seasonal monitoring of the latticed heath, *Chiasmia clathrata* (Linnaeus, 1758) (Lepidoptera: Geometridae) by pheromone traps in two regions of Bulgaria
D. I. Atanasova, T. B. Toshova and M. A. Subchev 247
- Detection of the Auchenorrhyncha fauna associated with grapevine displaying yellows symptoms in Romania
C. Chireceanu, P. G. Ploaie, M. Gutue, I. Nicolae, C. Stan and M. Comsa 253
- New plant-inhabiting mite records from Hungary (Acari: Mesostigmata, Prostigmata and Astigmata)
G. Ripka and Á. Szabó..... 261
- Natural and factitious prey for rearing the predacious mite *Agistemus exsertus* Gonzales (Acari: Stigmaeidae)
F. M. Momen 267

Effect of prey stages of the two-spotted mite <i>Tetranychus urticae</i> on functional response of the coccinellid predator <i>Stethorus gilvifrons</i> <i>M. A. Osman and M. H. Bayoumy</i>	277
Contribution to the knowledge of the Eulophidae (Hymenoptera, Chalcidoidea), parasitoids of Agromyzid leafminers (Diptera, Agromyzidae) in Fars Province, Iran <i>A. Mahmoudi, A. F. Dousti and M. Fallahzadeh</i>	289
An annotated list of species of the family Aphelinidae in Egypt with a key to the genera (Hymenoptera: Chalcidoidea) <i>S. Abd-Rabou and G. A. Evans</i>	297
Differences in the vector efficiency of <i>Thrips tabaci</i> in Europe and North America <i>G. Jenser, Asztéria Almási, J. Fail and I. Tóbiás</i>	311
Influence of prey stage on survival, development and life table of the predacious mite, <i>Neoseiulus barkeri</i> (Hughes) (Acari: Phytoseiidae) <i>F. M. Momen and H. Hussein</i>	319
Description of immature stages and re-description of female and male of <i>Neoseiulus bicaudus</i> (Wainstein, 1962) (Acari: Phytoseiidae) from West of Iran <i>B. Asali Fayaz, M. Khanjani and E. A. Uckermann</i>	329
ERRATUM	339
