

**CONTENTS**

**ARTICLES**

- Development of highly specific fluorescence immunoassay and enzyme-linked immunosorbent assay for detection of dimethyl phthalate in water samples  
*Mingcui Zhang, Bolin Liu, Ying Cong, Shaohui Liu and Yurong Hu* 297
- Insulin-like growth factor-1 attenuates glucocorticoid suppression of pig lymphocyte function  
*C.T. Collier, T.H. Welsh, Jr., J.A. Carroll and J.C. Laurenz* 311
- Anti-inflammatory activity of *Agaricus blazei* in different basidiocarp maturation phases  
*Francielly Mourão, Suzana Harue Umeo, Miria Benetati Delgado Bertéli, Emerson Luiz Lourenço, Arquimedes Gasparotto Junior, Orlando Seiko Takemura, Giani Andrea Linde and Nelson Barros Colauto* 325
- Peanut allergen Ara h 2-specific T cells are activated via Ras-Erk MAP kinase pathway signalling and identified by CD154 expression  
*Yingxian Li, Mike Kulis, Laurent Pons, Xiao-Ping Zhong and A. Wesley Burks* 335
- Effect of garlic consumption on the argyrophilic nucleolar organiser regions (AgNORs) in splenocytes and thymocytes of rats  
*Alireza Zamani, Mohammad Hoseinipannah, Hasan Madadi and Mehdi Arjipour* 345
- Allergenic changes in  $\beta$ -lactoglobulin induced by microwave irradiation under different pH conditions  
*Djazia Zellal, Hanane Kaddouri, Hadria Grar, Hanane Belarbi, Omar Kheroua and Djamel Saidi* 355
