

## CONTENTS

Matula J.:	
Determination of dissolved reactive and dissolved total phosphorus in water extract of soils .....	1
Shahsavari E.:	
Impact of tryptophan and glutamine on the tissue culture of upland rice .....	7
Zhang L.X., Qiang H., Li S.Q., Chen X.L.:	
Impact of atmospheric ammonia on growth, C and N accumulation and photosynthesis of two maize cultivars with different N root supply .....	11
Potarzycki J.:	
Effect of magnesium or zinc supplementation at the background of nitrogen rate on nitrogen management by maize canopy cultivated in monoculture .....	19
Nemati I., Moradi F., Gholizadeh S., Esmaeili M.A., Bihamta M.R.:	
The effect of salinity stress on ions and soluble sugars distribution in leaves, leaf sheaths and roots of rice ( <i>Oryza sativa</i> L.) seedlings .....	26
Cui Y., Zhao N.:	
Oxidative stress and change in plant metabolism of maize ( <i>Zea mays</i> L.) growing in contaminated soil with elemental sulfur and toxic effect of zinc .....	34
Cheng J., Wu G.L., Zhao L.P., Li Y., Li W., Cheng J.M.:	
Cumulative effects of 20-year exclusion of livestock grazing on above- and belowground biomass of typical steppe communities in arid areas of the Loess Plateau, China .....	40
