

# Part B—Pesticides, Food Contaminants, and Agricultural Wastes

VOLUME 46 • ISSUE 1 • JANUARY 2011

## ARTICLES

- Agrochemical spray drift; assessment and mitigation—A review** 1  
Allan S. Felsot, John B. Unsworth, Jan B.H.J. Linders, Graham Roberts, Dirk Rautman,  
Caroline Harris and Elizabeth Carazo
- Solid-phase extraction for multi-residue analysis of pesticides in honey** 24  
Graziella Amendola, Patrizia Pelosi and Roberto Dommarco
- Pesticide dissipation curves in peach, pear and tomato crops in Uruguay** 35  
Giovanni Galiotta, Eduardo Egaña, Fernando Gemelli, Diego Maeso, Noelia Casco, Paula Conde  
and Saturnino Nuñez
- Multiresidue analysis of organophosphate and pyrethroid pesticides in duplicate-diet solid food  
by pressurized liquid extraction** 41  
Jane C. Chuang and Nancy K. Wilson
- Separation and identification of heterocyclic nitrogen compounds in biooil derived by fast pyrolysis  
of chicken manure** 51  
Zakir H. Kazi, Morris I. Schnitzer, Carlos M. Monreal and Paul Mayer
- Adsorption and desorption variability of four herbicides used in paddy rice production** 62  
Claudio A. Alister, Manuel A. Araya and Marcelo Kogan
- Mineralization and degradation of glyphosate and atrazine applied in combination in a  
Brazilian Oxisol** 69  
Eloana J. Bonfleur, Arquimedes Lavorenti and Valdemar L. Tornisielo
- Mitigation of dimethazone residues in soil and runoff water from agricultural field** 76  
George F. Antonious
- Realistic approach of pesticide residues and French consumer exposure within fruit & vegetable intake** 84  
Peggy Drouillet-Pinard, Michel Boisset, Alain Périquet, Jean-Michel Lecerf, Francine Casse,  
Michel Catteau and Saida Barnat

(Continued on inside back cover)

## Contents continued

- Antiradical activity of natural honeys and antifungal effect against *Penicillium* genera** 92  
Miroslava Kacáňiová, Katarína Fatrcová-Sramková, Janka Nozková, Martin Melich,  
Miriam Kadasi-Horáková, Vladimíra Knazovická, Sona Felsöciová, Simona Kunová  
and Magda Máriássyová
- Pilot biomonitoring of adults and children following use of chlorpyrifos shampoo and flea collars  
on dogs** 97  
Melinda Bigelow Dyk, Zhenshan Chen, Sasan Mosadeghi, Helen Vega and Robert Krieger
