

Regular papers

A meta-analysis of the effects of supplemental dietary fat on protein and fibre digestibility in the horse J. Sales and P. Homolka	55
Effects of feeding whole crop rice combined with soybean oil on growth performance, carcass quality characteristics, and fatty acids profile of <i>Longissimus</i> muscle and adipose tissue of pigs H.F. Wang, J.A. Ye, C.Y. Li, J.X. Liu and Y.M. Wu	64
Expression profiling of IGFs and IGF receptors in piglets with intrauterine growth restriction R. Chen, Y. Yin, J. Pan, Y. Gao and T. Li	72
Effects of urea–calcium mixture in concentrate containing high cassava chip on feed intake, rumen fermentation and performance of lactating dairy cows fed on rice straw A. Cherdthong, M. Wanapat and C. Wachirapakorn	76
Evaluation of a high-fibre total mixed ration as a dry cow feeding strategy for spring-calving Holstein Friesian dairy cows M. Butler, J. Patton, J.J. Murphy and F.J. Mulligan	85
Breed differences in pig temperament scores during a performance test and their phenotypic relationship with performance C.L. Yoder, C. Maltecca, J.P. Cassady, W.L. Flowers, S. Price and M.T. See	93
Blood mineral status of grazing Tibetan sheep in the Northeast of the Qinghai–Tibetan Plateau G.S. Xin, R.J. Long, X.S. Guo, J. Irvine, L.M. Ding, L.L. Ding and Z.H. Shang	102
Enriched dietary energy and protein with more frequent milking offers early lactation cows a greater productive potential N. Aghaziarati, H. Amanlou, D. Zahmatkesh, E. Mahjoubi and M.H. Yazdi	108
Effect of cryopreservation on sperm chromatin integrity and fertilizing potential in bovine semen C.S. Mukhopadhyay, A.K. Gupta, B.R. Yadav, I.S. Chauhan, A. Gupta, T.K. Mohanty and V.S. Raina	114
Trait improvement and monetary returns in alternative closed and open nucleus breeding programmes for Boran cattle reared in semi-arid tropics T.O. Rewe, P. Herold, A.K. Kahi and A.V. Zárate	122
Identification, quantification and transcriptional profile of potential stem cells in bovine mammary gland T. Motyl, J.B. Bierła, M. Kozłowski, M. Gajewska, B. Gajkowska and M. Koronkiewicz	136
Polymorphism of genes encoding cytokines IL6 and TNF is associated with pig fatness M. Szydlowski, A. Buszka, M. Mackowski, D. Lechniak and M. Switonski	150
Effect of maternal protein restriction on lipid metabolism in Meishan piglets at weaning J. Liang, X. Zhang, R. Zhao, S. Maak and X. Yang	157
Two novel SNPs of the type I gonadotropin releasing hormone receptor gene and their associations with superovulation traits in Chinese Holstein cows W.-C. Yang, S.-J. Li, Y.-H. Xie, K.-Q. Tang, G.-H. Hua, C.-Y. Zhang and L.-G. Yang	164

(Contents continued on last page of this issue)

(Contents continued)

Effect of target slaughter weight on production efficiency, carcass traits and behaviour of restrictively-fed gilts and intact male finisher pigs S. Conte, L.A. Boyle, N.E. O'Connell, P.B. Lynch and P.G. Lawlor	169
Evaluation of feeding value of <i>Eupatorium adenophorum</i> in combination with mulberry leaves A. Sahoo, B. Singh and O.P. Sharma	175
Growth performance and antibiotic tolerance patterns of nursery and finishing pigs fed growth-promoting levels of antibiotics J.P. Holt, E. van Heugten, A.K. Graves, M.T. See and W.E.M. Morrow.	184
Influence of individual and mixed extracts of two tree species on <i>in vitro</i> gas production kinetics of a high concentrate diet fed to growing lambs F.S. Jiménez-Peralta, A.Z.M. Salem, P. Mejia-Hernández, M. González-Ronquillo, B. Albarrán-Portillo, R. Rojo-Rubio and J.L. Tinoco-Jaramillo.	192
A comparison of reproductive traits of four maternal lines of rabbits selected for litter size at weaning and founded on different criteria M. Ragab and M. Baselga	201
Behaviour-related traits of Polish sport horse stallions participating in 100-day performance tests A. Górecka-Bruzda, M.H. Chruszczewski, T. Jezierski and J. Murphy	207
Effect of dietary regime and group structure on pig performance and the variation in weight and growth rate from weaning to 20 weeks of age E. Magowan, M.E.E. Ball, K.J. McCracken, V.E. Beattie, R. Bradford, M.J. Robinson, M. Scott, F.J. Gordon and C.S. Mayne	216
Management routines at the time of farrowing—effects on teat success and postnatal piglet mortality from loose housed sows G. Vasdal, I. Østensen, M. Melišová, B. Bozděchová, G. Illmann and I.L. Andersen	225
The performance response of pigs of different wean weights to 'high' or 'low' input dietary regimes between weaning and 20 weeks of age E. Magowan, M.E.E. Ball, K.J. McCracken, V.E. Beattie, R. Bradford, M.J. Robinson, M. Scott, F.J. Gordon and C.S. Mayne	232
The quality characteristics of <i>M. longissimus</i> from Hanwoo (Korean cattle) steer with different raising altitudes and slaughter seasons Panjono, S.M. Kang, I.S. Lee and S.K. Lee	240
Influence of weather on the behaviour of outdoor-wintered beef cattle in Scandinavia K.L. Graunke, T. Schuster and L.M. Lidfors	247
Claw lesions in lactating sows on commercial farms were associated with postural behavior but not with suboptimal reproductive performance or culling risk M. Enokida, Y. Sasaki, Y. Hoshino, H. Saito and Y. Koketsu	256
The impact of antimicrobial use in broiler chickens on growth performance and on the occurrence of antimicrobial-resistant <i>Escherichia coli</i> P. Martins da Costa, M. Oliveira, B. Ramos and F. Bernardo.	262
Short communications	
Influence on weaning weights of nursing beef cattle calves de-wormed 90 days prior to weaning M.J. Hersom, R.O. Myer and J.N. Carter	270
First evidence of sex chromosome mosaicism in the endangered Sorraia Horse breed H.J. Kjöllnerström, M.J. Collares-Pereira and M.M. Oom	273
Y chromosomal characterization of Turkish native sheep breeds Y. Oner, J.H. Calvo and C. Elmaci	277
Polymorphism of <i>PRLR</i> and <i>LHB</i> genes by SSCP marker and their association with litter size in Boer goats G. Li, X.P. An, M.Z. Fu, J.X. Hou, R.P. Sun, G.Q. Zhu, J.G. Wang and B.Y. Cao	281
Review article	
Factors influencing gestational length in mares: A review K. Satué, M. Felipe, J. Mota and A. Muñoz	287
