

REVIEW

- Page 153 Recent advances in the analysis of dairy product quality using methods based on the interactions of light with matter
É Dufour

ORIGINAL RESEARCH

- Page 166 A survey of the quality of extended shelf life (ESL) milk in relation to HTST and UHT milk
P C Lorenzen, I Clawin-Rädecker, K Einhoff, P Hammer, R Hartmann, W Hoffmann, D Martin, J Molkentin, H G Walte and M Devrese
- Page 179 Milk reversibility following reduction and restoration of pH
V N Ezeh and M J Lewis
- Page 188 Elucidation of mechanism of aminoreductone formation in the Maillard reaction of lactose
V T Trang, T Shimamura, T Kashiwagi, H Ukeda and S Katsuno
- Page 197 Impact of processing steps on the composition of volatile compounds in cheese powders
C Varming, T K Beck, M A Petersen and Y Ardö
- Page 207 Improvement of low fat mozzarella cheese properties using denatured whey protein
M Ismail, E-T Ammar and R El-Metwally
- Page 218 Quality evaluation of mozzarella cheese made from buffalo milk by using paneer booti (*Withania coagulans*) and calf rennet
M A Nawaz, T Masud and S Sammi
- Page 227 Effect of mechanical treatments applied to milk fat on fat retention and lipolysis in minicurds
M A Vélez, M C Perotti, S R Rebecchi, C A Meinardi, E R Hynes and C A Zalazar
- Page 232 The effect of concentration of chymosin on the yield and sensory properties of camel cheese and on its microbiological quality
N Benkerroum, M Dehhaoui, A E Fayq and R Tlaha
- Page 240 Comparison of volatile compounds in yoghurts made from cows', buffaloes', ewes' and goats' milks
T Erkaya and M Şengül
- Page 247 Influence of sucrose, high fructose corn syrup and honey from different floral sources on growth and acid production by lactic acid bacteria and bifidobacteria
D Popa and Z Ustunol
- Page 254 Influence of microencapsulation and transglutaminase on viability of probiotic strain *Lactobacillus helveticus* M92 and consistency of set yoghurt
A L Pavunc, J Beganović, B Kos, A Buneta, S Beluhan and J Šušković
- Page 262 Influence of gum tragacanth, *Astragalus gossypinus*, addition on stability of nonfat Doogh, an Iranian fermented milk drink
E G Gorji, M A Mohammadifar and H Ezzatpanah
- Page 269 Changes in gastric resistance of *Lactobacillus casei* in flavoured commercial fermented milks during refrigerated storage
G Vinderola, M Céspedes, D Mateolli, P Cárdenas, M Lescano, N Aimaretti and J Reinheimer
- Page 276 Enhancement of cell stability and viability of probiotic *Leuconostoc mesenteroides* MTCC 5209 on freeze drying
P Shobharani and R Agrawal
- Page 288 A comparison of the production efficiencies of full-length and truncated forms of prochymosin
L Badiefar, M Khodabandeh and G Ahmadian
- Page 294 The physicochemical and rheological properties of a milk drink flavoured with cajeta, a Mexican caramel jam
M O Ramírez-Sucre and J F Vélez-Ruiz
- Page 305 Computational fluid dynamics studies on pasteurisation of canned milk
