

Original articles

- 137–145 ***Effect of dietary supplemental nicotinic acid on growth performance, carcass characteristics and meat quality in three genotypes of chicken***
R. R. Jiang; G. P. Zhao; J. L. Chen; M. Q. Zheng; J. P. Zhao; P. Li; J. Hu; J. Wen
- 146–153 ***Dietary supplementation with dimethylglycine affects broiler performance and plasma metabolites depending on dose and dietary fatty acid profile***
I. D. Kalmar; A. Cools; M. W. A. Verstegen; G. Huyghebaert; J. Buyse; P. Roose; G. P. J. Janssens
- 154–160 ***Influence of high phosphorus intake on salivary and plasma concentrations, and urinary phosphorus excretion in mature ponies***
D. A. van Doorn; H. Everts; H. Wouterse; S. Homan; A. C. Beynen
- 161–170 ***Effects of diet and weight gain on circulating tumour necrosis factor- α concentrations in Thoroughbred geldings***
J. K. Suagee; A. O. Burk; R. W. Quinn; T. G. Hartsock; L. W. Douglass
- 171–178 ***Effects of dietary addition of *Macleaya cordata* alkaloid extract on growth performance, caecal indices and breast meat fatty acids profile in male broilers***
J. Juskiwicz; R. Gruzauskas; Z. Zdunczyk; A. Semaskaite; J. Jankowski; Z. Totilas; V. Jarule; V. Sasyte; P. Zdunczyk; A. Raceviciute-Stupeliene; G. Svirnickas
- 179–186 ***Ileal digestibility of amino acids, phosphorus, phytate and energy in pigs fed sorghum-based diets supplemented with phytase and Pancreatin®***
M. Cervantes; R. Gómez; S. Fierro; M. A. Barrera; A. Morales; B. A. Araiza; R. T. Zijlstra; J. E. Sánchez; W. C. Sauer
- 187–191 ***Effect of Terminalia chebula and Allium sativum on in vivo methane emission by sheep***
A. K. Patra; D. N. Kamra; R. Bhar; R. Kumar; N. Agarwal
- 192–197 ***Replacement effects of Panicum maximum with Ficus polita on performance of West African dwarf goats***
T. O. Abegunde; A. O. Akinsoyinu
- 198–205 ***Effect of dietary antioxidant supplementation on the oxidative status of plasma in broilers***
E. Vossen; M. Ntawubizi; K. Raes; K. Smet; G. Huyghebaert; S. Arnouts; S. De Smet
- 206–213 ***Effect of high oral doses of nitrate on salivary recirculation of nitrates and nitrites and on bacterial diversity in the saliva of young pigs***
P. Trevisi; L. Casini; I. Nisi; S. Messori; P. Bosi
- 214–222 ***Administration of RRR- α -tocopherol to pregnant mares stimulates maternal IgG and IgM production in colostrum and enhances vitamin E and IgM status in foals***
T. Bondo; S. K. Jensen
- 223–227 ***Inter-related effects of dietary fat and protein level on growth performance in rabbits***
A. Alhaidary; H. E. Mohamed; A. C. Beynen
- 228–235 ***Fatty acid and energy metabolism in broiler chickens fed diets containing either beef tallow or an oil blend***
S. Wongsuthavas; C. Yuangklang; K. Vasupen; J. Mitchaothai; A. Alhaidary; H. E. Mohamed; A. C. Beynen
- 236–244 ***Effect of feeding rumen protected rice bran on calcium homeostasis of non-lactating multiparous cows***
J. Martín-Tereso; R. van Puijenbroek; A. M. van Vuuren; H. van Laar; L. A. den Hartog; M. W. A. Verstegen
- 245–251 ***Dietary impact on circulating glucose profiles in the white rhinoceros***
E. V. Berkeley; W. L. Linklater; E. S. Dierenfeld
- 252–258 ***Effect of thermal stress, restricted feeding and combined stresses (thermal stress and restricted feeding) on growth and plasma reproductive hormone levels of Malpura ewes under semi-arid tropical environment***
V. Sejian; V. P. Maurya; S. M. K. Naqvi
- 259–266 ***Feeding strategy with alternate fasting and refeeding: effects on farmed pacu production***
L. S. Takahashi; J. D. Biller; E. Criscuolo-Urbinati; E. C. Urbinati
- 267–272 ***Maturity of coastal bermudagrass and alfalfa affects ruminal in situ and total tract dry matter and phosphorus disappearance in cannulated steers***
A. V. Riojas-McCollister; B. D. Lambert; J. P. Muir
