

2010 IPNI Science Award Goes to Dr. Andrew Sharpley, University of Arkansas	3
IPNI Scholar Award Applications Due June 30	3
Maize Productivity and Response to Fertilizer Use as Affected by Soil Fertility Variability, Manure Application, and Cropping System (Sub-Saharan Africa) Shamie Zingore	4
Information Agriculture Conference July 12-14, 2011	6
Fertilizing for Sustainable Onion Production Systems (India) Ethel Nguillie, V.B. Singh, A.K. Singh, and Harmandeep Singh	7
Status of Grain Maize Production and Agronomic Efficiency of Mineral Fertilizer Use (Southern Russia) V. Nosov	10
<i>Mathematics and Calculations for Agronomists and Soil Scientists</i> Book Available	12
Effect of Foliar Potassium Fertilization and Source on Cantaloupe Yield and Quality (North America) John L. Jifon and Gene E. Lester	13
Winners of IPNI 2010 Crop Nutrient Deficiency Photo Contest	16
Poverty Alleviation through Balanced Fertilization for Corn and Integral Family Development (Guatemala) José Espinosa, Arturo Melville, and Kenneth Hylton	18
Dr. José Espinosa Retires, Dr. Raúl Jaramillo Named New Director of IPNI Northern Latin America Program	21
Midseason Nitrogen Fertilization Rate Decision Tool for Rice Using Remote Sensing Technology (North America) Brenda S. Tubaña, Dustin Harrell, Timothy Walker, and Steve Phillips	22
<i>Soil Test Levels in North America, 2010 Summary Update</i> Publication/CD Available	24
Effect of Resolution of Digital Elevation Models on Soil-Landscape Correlations in Hilly Areas (Southwest China) Wei Wu, Zhengyin Wang, and Hongbin Liu	25
Spring Snowmelt Impact on Phosphorus Addition to Surface Runoff in the Northern Great Plains (North America) Tom Jensen, Kevin Tiessen, Esther Salvano, Andrea Kalischuk, and Don N. Flaten	28
IPNI Connects with Social Media for Agriculture Steve Phillips	32
