Original Articles

- 177 Behaviour of adult Pacific lamprey in near-field flow and fishway design experiments
M. L. Keefer, C. A. Peery, S. R. Lee, W. R. Daigle, E. L. Johnson & M. L. Moser
- 190 Development of Pacific lamprey fishways at a hydropower dam
M. L. Moser, M. L. Keefer, H. T. Pennington, D. A. Ogden & J. E. Simonson
- 201 Gauging weirs impede the upstream migration of adult river lamprey *Lampetra fluviatilis*
I. J. Russon, P. S. Kemp & M. C. Lucas
- 211 Epilithic biofilm as a key factor for small-scale river fisheries on Caribbean islands
E. Lefrançois, S. Coat, G. Lepoint, N. Vachiéry, O. Gros & D. Monti
- 221 Linking scallop distribution and abundance with fisher behaviour: implication for management to avoid repeated stock collapse in a recreational fishery
S. R. Tracey & J. M. Lyle
- 233 Population genetic structure of Atlantic salmon, *Salmo salar* L., in the River Tamar, southwest England
J. S. Ellis, K. J. Sumner, A. M. Griffiths, D. I. Bright & J. R. Stevens
- 246 Stock structure of blue threadfin *Eleutheronema tetradactylum* across northern Australia as inferred from stable isotopes in sagittal otolith carbonate
S. J. Newman, M. B. Pember, B. M. Rome, G. E. A. Mitsopoulos, C. L. Skepper, Q. Allsop, T. Saunders, A. C. Ballagh, L. van Herwerden, R. N. Garrett, N. A. Gribble, J. M. Stapley, J. J. Meeuwig, B. R. Moore & D. J. Welch

Management and Ecological Note

- 258 Do hatchery-reared brown trout affect the growth and habitat use of wild congeners?
A. Huusko & T. Vehanen
