

CONTENTS

Sun J.K., Li T., Xia J.B., Tian J.Y., Lu Z.H., Wang R.T.:	
Influence of salt stress on ecophysiological parameters of <i>Periploca sepium bunge</i>	139
Mohawesh O.E.:	
Evaluation of evapotranspiration models for estimating daily reference evapotranspiration in arid and semiarid environments	145
Ali S., Zeng F., Cai S., Qiu B., Zhang G.:	
The interaction of salinity and chromium in the influence of barley growth and oxidative stress	153
Hrabě F., Knot P.:	
The effect of trophism level and exploitation intensity on the production characteristics of grassland community dominated by <i>Festuca arundinacea</i> Schreb.	160
Veselý T., Tlustoš P., Száková J.:	
Organic salts enhanced soil risk elements leaching and bioaccumulation in <i>Pistia stratiotes</i>	166
Trakal L., Neuberg M., Tlustoš P., Száková J., Tejnecký V., Drábek O.:	
Dolomite limestone application as a chemical immobilization of metal-contaminated soil	173
Šrámek F., Dubský M.:	
Occurrence and correction of lime-induced chlorosis in petunia plants	180
Videnović Ž., Simić M., Srdić J., Dumanović Z.:	
Long term effects of different soil tillage systems on maize (<i>Zea mays</i> L.) yields	186
