

CONTENTS

AGRICULTURAL MACHINERY

Drying Kinetics and Quality of Barberry in a Thin Layer Dryer.

Sh. Gorjian, T. Tavakkoli Hashjin, M. H. Khoshtaghaza, and A. M. Nikbakht

303

AGRONOMY

Barley Grain Mineral Analysis as Affected by Different Fertilizing Systems and by Drought Stress.

S. Maleki Farahani, M. R. Chaichi, D. Mazaheri, R. Tavakkol Afshari, and Gh. Savaghebi

315

Evaluation of Physiological Indices for Improving Water Deficit Tolerance in Spring Safflower.

B. Pasban Eslam

327

Productivity and Radiation Use Efficiency of Four Dryland Wheat Cultivars under Different Levels of Nitrogen and Chlormequat Chloride.

H. Miranzadeh, Y. Emam, H. Seyyed, and S. Zare

339

ANIMAL SCIENCE

Omega-3 Enrichment of Broiler Meat by Using Two Oil Seeds.

S. Rahimi, S. Kamran Azad, and M. A. Karimi Torshizi

353

Performance of Feedlot Calves Fed Hydroponics Fodder Barley.

H. Fazaeli, H. A. Golmohammadi, A. A. Shoayee, N. Montajebi, and S. Mosharraf

367

FOOD SCIENCE

Impact of Pressure Reduction Rate on the Quality of Steamed Stuffed Bun.

Y. Deng, X. Song, and Y. Li

377

Moisture-Dependent Physical Properties of Saffron Flower.

B. Emadi, and M. H. Saiedirad

387

Some Nutritional Attributes of Selected Newly Developed Lines of Sorghum (*Sorghum bicolor*) after Fermentation.

B. H. Abdelseed, A. H. Abdalla, A. El-Gasim A. Yagoub, I. A. Mohamed Ahmed, and E. E. Babiker

399

Continued on back cover

Continued from front cover:

FORESTRY

Relationship Between Soil Seed Bank and Above-ground Vegetation of a Mixed-deciduous Temperate Forest in Northern Iran.

O. Esmailzadeh, S. M. Hosseini , and M. Tabari

411

PLANT BREEDING

Genetic Diversity of Synthetic Alfalfa Generations and Cultivars Using Tetrasomic Inherited Allozyme Markers.

M. Valizadeh, M. Mohayjeji, N. Yasinzadeh, S. Nasrullazadeh, and M. Moghaddam

425

PLANT PATHOLOGY

Comparison of *P. syringae* pv. *syringae* from Different Hosts Based on Pathogenicity and BOX-PCR in Iran.

G. Najafi Pour, and S. M. Taghavi

431

Elimination of Grapevine Virus A (GVA) by Cryotherapy and Electrotherapy.

Sh. Bayati, M. Shams-Bakhsh, and A. Moieni

443

WATERSHED MANAGEMENT

Spatial and Temporal Variations in the Rainfall Erosivity Factor in Iran.

S. H. R. Sadeghi, M. Moatamednia, and M. Behzadfar

451
