

ORIGINAL ARTICLES

- Molecular Characterization of *Salmonella* Typhimurium Highly Successful Outbreak Strains** 655
R.F. Petersen, E. Litrup, J.T. Larsson, M. Torpdahl, G. Sørensen, L. Müller, and E.M. Nielsen
- Related Antimicrobial Resistance Genes Detected in Different Bacterial Species Co-isolated from Swine Fecal Samples** 663
J.G. Frye, R.L. Lindsey, R.J. Meinersmann, M.E. Berrang, C.R. Jackson, M.D. Englen, J.B. Turpin, and P.J. Fedorka-Cray
- Effect of Olive Powder and High Hydrostatic Pressure on the Inactivation of *Bacillus cereus* Spores in a Reference Medium** 681
A. Marco, C. Ferrer, L.M. Velasco, D. Rodrigo, B. Muguerza, and A. Martínez
- Serotypes, Virulence Genes, and Antimicrobial Susceptibility of *Escherichia coli* Isolates from Pigs** 687
X.-M. Wang, X.-P. Liao, S.-G. Liu, W.-J. Zhang, H.-X. Jiang, M.-J. Zhang, H.-Q. Zhu, Y. Sun, J. Sun, A.-X. Li, and Y.-H. Liu
- An Outbreak of Foodborne Salmonellosis in Rural KwaZulu-Natal, South Africa** 693
A.J. Niehaus, T. Apalata, Y.M. Coovadia, A.M. Smith, and P. Moodley
- The Sigma B Operon Is a Determinant of Fitness for a *Listeria monocytogenes* Serotype 4b Strain in Soil** 699
L. Gorski, J.M. Duhé, and D. Flaherty
- Identification of *Escherichia coli* O157 by Using a Novel Colorimetric Detection Method with DNA Microarrays** 705
B. Quiñones, M.S. Swimley, A.W. Taylor, and E.D. Dawson
- Trisodium Phosphate for Foodborne Virus Reduction on Produce** 713
X. Su and D.H. D'Souza
- Genotyping and Antimicrobial Resistance Patterns of *Escherichia coli* O157 Originating from Cattle Farms** 719
K. Cobbaut, K. Houf, F. Boyen, F. Haesebrouck, and L. De Zutter

(continued)

- A Mutation in the *poxA* Gene of *Salmonella enterica* Serovar Typhimurium Alters Protein Production, Elevates Susceptibility to Environmental Challenges, and Decreases Swine Colonization** 725
S.M.D. Bearson, B.L. Bearson, B.W. Brunelle, V.K. Sharma, and I.S. Lee

SHORT COMMUNICATIONS _____

- Different Enteropathogenic *Yersinia* Strains Found in Wild Boars and Domestic Pigs** 733

M. Fredriksson-Ahomaa, S. Wacheck, R. Bonke, and R. Stephan

- Salmonella* sp. in Game (*Sus scrofa* and *Oryctolagus cuniculus*)** 739

M. Vieira-Pinto, L. Morais, C. Caleja, P. Themudo, C. Torres, G. Igrejas, P. Poeta, and C. Martins

- A Rapid and Sensitive Method to Identify and Differentiate *Salmonella enterica* Serotype Typhimurium and *Salmonella enterica* Serotype 4,[5],12:i:- by Combining Traditional Serotyping and Multiplex Polymerase Chain Reaction** 741

L. Barco, A.A. Lettini, E. Ramon, A. Longo, C. Saccardin, M.C.D. Pozza, and A. Ricci

LETTERS TO THE EDITOR _____

- Trichinellosis and Encephalitis** 745

V. Wiwanitkit

- Encephalitis in Trichinellosis: Solving the Dilemma** 747

R. Neghina, A.M. Neghina, I. Marincu, and I. Iacobiciu

- Infection or Rather Allergy?** 749

M.A.G. Morales and E. Pozio
