

# PLANT DISEASE RESEARCH

## VOLUME 26(2)

### CONTENTS

#### Fungal Pathology

- Superior performance of kresoxim-methyl (Stroby) and trifloxystrobin (Flint) against Botrytis blight (*Botrytis gladiolorum*) of gladiolus (*Gladiolus x hortulanus* Bailey) 101  
*P.J. Singh, G.S. Sidhu, R. Kumar and T.S. Thind*
- Variability in the isolates of *Macrophomina phaseolina* 106  
*Pardeep Kumar, V.K. Gaur and R.A. Sharma*
- Population dynamics of microflora in the rhizosphere of *Macrophomina phaseolina* resistant and susceptible varieties of groundnut 111  
*Pardeep Kumar, V.K. Gaur and S. Gangopadhyay*
- Alternaria leaf spot of *Aloe barbadensis* in relation to environmental factors 118  
*P. K. Amrate, J. R. Sharma and B. S. Gill*
- Effect of meteorological parameters on development of sheath blight disease in paddy 122  
*Upma Dutta and C.S. Kalha*

#### Bacteriology

- Rhizosphere competence of Pf-4-R, a strain of *Pseudomonas fluorescens* colonizing rice roots 127  
*Anjali Thakur, Pushpinder Paul Singh and Mandeep Singh Hunjan*

#### Short Communications

- Screening of horsegram genotypes against *Sphaerotheca fuliginea* 132  
*Shailbala, R.K. Khulbe and K.S. Negi*
- Appraisal of bell pepper genotypes against bacterial spot under Himachal Pradesh conditions 134  
*Durga Prashad and S.K. Gupta*
- Evaluation of introduced *Trichoderma* species as antagonist of *Pythium aphanidermatum* causing chilli damping-off 136  
*A. Muthukumar*
- Physiopathological and histological studies on *Colletotrichum gloeosporioides* causing anthracnose of guava 139  
*Amarjit Singh, K.S. Verma and Chander Mohan*
- Chemical and biological management of seed borne infection of *Botrytis cinerea* in chickpea 143  
*Sandeep Singh, L. Kaur, A. Sirari and Narinder Singh*

Etiology and management of mango sudden death phenomenon in Himachal Pradesh <i>Rakesh K. Mandradia, Kumud Jarial and V.K. Rana</i>	145
Appraisal of sugarcane genotypes against red rot caused by <i>Colletotrichum falcatum</i> in North-West zone under Punjab conditions <i>Bipen Kumar, Jyoti Jain and S. K. Sandhu</i>	147
Effect of insecticidal sprays on chilli mosaic virus under field conditions <i>Ranbir Singh and A.K. Chowdhury</i>	150
Persistence of fungicides on tomato foliage following application of Indofil M-45 and Ridomil MZ <i>Ritu Rani, Vineet K. Sharma and G.S. Rattan</i>	153
Absracts of research papers - <i>National Symposium on Strategic Issues in Plant Pathological Research</i> held at Department of Plant Pathology, CSK HP Krishi Vishvavidyalaya, Palampur on November 24-25, 2011	156
Author Index	210
