

## CONTENTS

- João Antonio Galbiatti , Fabio Olivieri de Nobile, Emerson Fachini,  
Cavalcante Ítalo Herbert Lucena Cavalcante,  
Márkilla Zunete Beckmann-Cavalcante and Teresa Cristina Tarlé Pissarra  
**Bovine Biofertilizer and Water Regime Effects on Growth and  
Bulb Quality of Garlic** 139
- M. Fekonja, F. Bavec, S. Grobelnik-Mlakar, M. Turinek, M. Jakop  
and M. Bavec  
**Growth Performance of Sweet Maize under Non-Typical Maize  
Growing Conditions** 147
- D.A. Okpara, A.A. Udo, M. Iroegbu and J.G. Ikeogu  
**Effect of Fallow Species and Fallow Duration on Soil Fertility,  
Biomass and White Yam (*Dioscorea rotundata* Poir) Production** 165
- A. Spornberger, R. Steffek, K. Jezik and K. Stich  
**Long-Term Effect of Different Fertilizing and Plant Protection Systems  
(Organic vs. Conventional) on Field Characteristics of Strawberries  
(*Fragaria x ananassa*)** 179
- Roger K. Ndonga, Jürgen K. Friedel, Andreas Spornberger, Thomas Rinnofner  
and Karoline Jezik  
**'Effective Micro-organisms' (EM): An Effective Plant Strengthening  
Agent for Tomatoes in Protected Cultivation** 189
- Kuan M. Goh  
**Greater Mitigation of Climate Change by Organic than Conventional  
Agriculture: A Review** 205
- J.J. Atungwu, T.I. Olabiyi, J.O. Olatunji and A. Fasanu  
**Assessment of Varietal Resistance and Two Organic Fertilizers in the  
Management of Southern Root-Knot Nematode in Soybean  
(*Glycine max*)** 231
