### On the 300th Birthday of M.V. Lomonosov

The Great Predecessor of V.V. Dokuchaev and V.I. Vernadsky

*G. V. Dobrovolskii* 1173

---

### Genesis and Geography of Soils

Zonal Features of Humus Formation in Al–Fe-Humus Podzols of the Kola Peninsula

*V. N. Pereverzev* 1178

Floodplain Soils in the Lower Reaches of the Khovd River in the Great Lakes Basin  
of Mongolia

*L. L. Ubugunov and V. I. Ubugunova* 1184

---

### Soil Chemistry

Effect of the Particle-Size Distribution on the Adsorption of Copper, Lead,  
and Zinc by Chernozemic Soils of Rostov Oblast

*T. M. Minkina, D. L. Pinskii, S. S. Mandzhieva, E. M. Antonenko, and S. N. Sushkova* 1193

Dynamics of Acid-Soluble Iron Compounds in Soddy-Podzolic Soils  
of the Southern Komi Republic

*V. V. Kanev* 1201

---

### Soil Biology

Determination of the Soil Microbial Biomass Carbon Using the Method  
of Substrate-Induced Respiration

*N. D. Ananyeva, E. A. Susyan, and E. G. Gavrilenko* 1215

Humic Preparations and the Assessment of Their Biological Activity  
for Certification Purposes

*O. S. Yakimenko and V. A. Terekhova* 1222

Structural–Functional Organization of the Soil Mesofauna Population in Bogs  
and Waterlogged Forests of Northwestern Karelia

*L. B. Rybalov and I. O. Kamaev* 1231

Microbiological Characteristics of Different Types of Irrigated Soils  
in the Subtropical Zone of Azerbaijan

*N. I. Orudzheva* 1241

---

### Degradation, Rehabilitation, and Conservation of Soils

Iron Compounds and Oil Biodegradation in Overmoistened Contaminated Soils:  
A Review of Publications

*Yu. N. Vodyanitskii* 1250

The Influence of Different Bioremediation Methods on the Algal Cenoses  
of Oil-Polluted Soils

*N. A. Kireeva, I. E. Dubovik, and A. B. Yakupova* 1260

Integrated Evaluation of Different Electromagnetic Impacts on Biological Properties of Soils in Southern Russia

*T. V. Denisova, K. Sh. Kazeev, S. I. Kolesnikov, and V. F. Val'kov*

1269

---

### Book Reviews

Soil: The Basis of Life on Earth

*I. I. Sudnitsyn*

1274

Regulation of Soil Microbial Communities and Their Impact on Plant Growth

*D. G. Zvyagintsev*

1276

Normatives of Changes in Soil Properties under Anthropogenic Impacts

*I. I. Sudnitsyn*

1278

---

### Chronicle

The All-Russian Scientific Conference *Biospheric Functions of the Soil Cover* Dedicated to the 40th Anniversary of the Institute of Physicochemical and Biological Problems of Soil Science of the Russian Academy of Sciences

*T. V. Kuznetsova and V. P. Sukhoparova*

1280
