

# European Journal of Agronomy

Vol. 34, Issue 1

CONTENTS

JANUARY 2011

Growth analysis of autumn and spring sown sugar beet C.M. Hoffmann and S. Kluge-Severin .....	1
Maize response to broadcast flaming at different growth stages: Effects on growth, yield and yield components S.M. Ulloa, A. Datta, C. Bruening, B. Neilson, J. Miller, G. Gogos and S.Z. Knezevic.....	10
A model for simulating the height of rice plants R. Confalonieri, S. Bregaglio, A.S. Rosenmund, M. Acutis and I. Savin .....	20
Towards an optimal management regime to facilitate the coexistence of GM herbicide tolerant and non-GM oilseed rape Y. Tricault, R. Fealy, N. Colbach and E. Mullins .....	26
Growth and yield of spring cereals during transition to zero tillage on clay soils H. Känkänen, L. Alakukku, Y. Salo and T. Pitkänen .....	35
Impact of tillage and mulch management on economics, energy requirement and crop performance in maize–wheat rotation in rainfed subhumid inceptisols, India P. Sharma, V. Abrol and R.K. Sharma .....	46
