

Grass and Forage Science

Contents

- 301 J. P. Muir, W. D. Pitman and J. L. Foster
Sustainable, low-input, warm-season, grass–legume grassland mixtures: mission (nearly) impossible?
Review
- 316 S. R. Fariña, S. C. Garcia, W. J. Fulkerson and I. M. Barchia
Pasture-based dairy farm systems increasing milk production through stocking rate or milk yield per cow:
pasture and animal responses
- 333 J. Cao, N. M. Holden, X.-T. Lü and G. Du
The effect of grazing management on plant species richness on the Qinghai-Tibetan Plateau
- 337 A. Ferreiro, A. Merino, N. Díaz and J. Piñeiro
Improving the effectiveness of wood-ash fertilization in mixed mountain pastures
- 351 B. Lkhagvasuren, J. J. Schoenau, D. W. Anderson and S. S. Malhi
Plant and soil responses to nitrogen and phosphorus fertilization of bromegrass-dominated haylands
in Saskatchewan, Canada
- 361 V. Křišťálová, M. Hejčman, K. Červená and V. Pavlů
Effect of nitrogen and phosphorus availability on the emergence, growth and over-wintering of
Rumex crispus and *Rumex obtusifolius*
- 370 D. P. Belesky, D. M. Burner and J. M. Ruckle
Tiller production in cocksfoot (*Dactylis glomerata*) and tall fescue (*Festuca arundinacea*) growing along
a light gradient
- 381 J. J. Read, G. E. Brink, M. R. McLaughlin and K. R. Sistani
Nitrogen and winter cover crop effects on spring and summer nutrient uptake
- 391 X. Zhang, W. Bai, F. S. Gilliam, Q. Wang, X. Han and L. Li
Effects of *in situ* freezing on soil net nitrogen mineralization and net nitrification in fertilized grassland
of northern China
- 402 K. Theodoridou, J. Aufrère, D. Andueza, A. Le Morvan, F. Picard, E. Stringano, J. Pourrat, I. Mueller-Harvey
and R. Baumont
Effect of plant development during first and second growth cycle on chemical composition, condensed
tannins and nutritive value of three sainfoin (*Onobrychis viciifolia*) varieties and lucerne
- 415 K. Pirhofer-Walzl, K. Sørengaard, H. Høgh-Jensen, J. Eriksen, M. A. Sanderson, J. Rasmussen and J. Rasmussen
Forage herbs improve mineral composition of grassland herbage
- 424 J. G. Foster, K. A. Cassida and M. A. Sanderson
Seasonal variation in sesquiterpene lactone concentration and composition of forage chicory
(*Cichorium intybus* L.) cultivars
- 434 I. A. Kagan, B. H. Kirch and J. R. Strickland
A chromatographic survey of methods for extracting long-chain grass fructans
- 449 J. A. Anderson and Y. Q. Wu
Freeze tolerance of forage bermudagrasses
Research Note
