

Grant J

AS I SEE IT: Coastal communities, participatory research, and far-field effects of aquaculture

85–93

Neofitou N, Vafidis D, Klaoudatos S

Spatial and temporal effects of fish farming on benthic community structure in a semi-enclosed gulf of the Eastern Mediterranean

95–105

Skilbrei OT, Jørgensen T

Recapture of cultured salmon following a large-scale escape experiment

107–115

Skilbrei OT

Reduced migratory performance of farmed Atlantic salmon post-smolts from a simulated escape during autumn

117–125

Arechavala-Lopez P, Uglem I, Sanchez-Jerez P, Fernandez-Jover D, Bayle-Sempere JT, Nilsen R

Movements of grey mullet *Liza aurata* and *Chelon labrosus* associated with coastal fish farms in the western Mediterranean Sea

127–136

Krkošek M, Bateman A, Probošycz S, Orr C

Dynamics of outbreak and control of salmon lice on two salmon farms in the Broughton Archipelago, British Columbia

137–146

Skilbrei OT

Adult recaptures of farmed Atlantic salmon post-smolts allowed to escape during summer

147–153

Tanner JE, Fernandes M

Environmental effects of yellowtail kingfish aquaculture in South Australia

155–165

Olsen RE, Skilbrei OT

Feeding preference of recaptured Atlantic salmon *Salmo salar* following simulated escape from fish pens during autumn

167–174
